The American Journey Performance Assessment Strategies And Activities:

The American Journey Joyce Oldham Appleby, Alan Brinkley, James M. McPherson, 2003 **Mei Lanfang's American Journey** Zhaohui Hong, Cunfa Dong, 2025-08-31 This groundbreaking study examines Peking Opera legend Mei Lanfang's 1930 U.S. visit through extensive primary sources and a cross-cultural lens. It meticulously chronicles his 76 performances over 182 days, reconstructing his daily itinerary, highlighting key events, and estimating box office revenues. Drawing on over 1,000 local newspaper reports from 34 states and territories, as well as diaries, memoirs, archival records, and advertisements, this book offers fresh insights into U.S.-China cultural exchange nearly a century ago, a topic with enduring contemporary relevance. Employing a mixed methods approach, it integrates grounded theory, abductive reasoning, and the theory of para-text to deliver a rigorous and innovative analysis. As both a theoretical contribution and an analytical framework, the book reimagines transpacific cultural exchange, systematically exploring Peking Opera diplomacy, which involves non-governmental individuals and collectives engaged in cultural, artistic, commercial, and educational interactions. Furthermore, it delves into inculturation, examining how Mei Lanfang's visit contributed to the localization of Chinese culture in America, fostering cultural accommodation, adaptation, and integration. Finally, it introduces the theory of marginalization studies, shedding light on the peripheral figures and events that played a crucial role in Mei's visit. By combining rigorous analysis with innovative theoretical perspectives, this book reinterprets and reimages the significance of Mei Lanfang's visit, offering an essential resource for scholars and anyone interested in modern Chinese history, transpacific studies, cultural diplomacy, and U.S.-China relations.

Great Performances Larry Lewin, Betty Jean Shoemaker, 1998 This book presents an approach to developing performance assessments. It begins with four steps for Info In and moves to four Info Out modes through which students can make their content understanding explicit for evaluation purposes. The first chapter is an overview of performance assessment in the classroom. Chapter 2 discusses the Info In model and the key processes of reading, listening, manipulating, and viewing. Chapter 3 explores the first Info Out mode: visual representations. Chapters 4, 5, and 6 examine the three additional Info Out modes: writing, oral presentations, and large-scale substantive projects and performances. The final chapter summarizes strengths and weaknesses of classroom-based performance assessments. An appendix contains the Oregon Writing Scoring Guide for middle school. Contains 64 figures and 23 references. SLD
