So Small A Pocket:

Salvation in My Pocket Benjamin Myers, 2013-11-13 The short pieces assembled in *Salvation in My Pocket* are miniature experiments in Christian joy They are attempts at describing the difference God makes to ordinary experience and to discover glimpses of God's light in everyday life If there is any thread that holds these haphazard reflections together it is just the conviction that beneath the surface of things there lurks an invitation gentle and alluring that even in sadness and misfortune there is always rising up as if from hidden wells the promise of peace and that the final word spoken over this world and over each human life will be a word of joy *Light*, 1925 *The Little papers, and the M.P.S. Hypercompetition Richard A. D'aveni, 2010-05-11 General Motors and IBM have been battered to their cores Jack Welch the chairman of General Electric called the frenzied competition of the 1980s a white knuckle decade and said the 1990s would be worse In this pathbreaking book that will define this new age of hypercompetition Richard D Aveni reveals how competitive moves and countermoves escalate with such ferocity today that the traditional sources of competitive advantage can no longer be sustained To compete in this dynamic environment D Aveni argues that a company must fundamentally shift its strategic focus He constructs a brilliant operational model that shows how firms move up escalation ladders as advantage is continually created eroded destroyed and recreated through strategic maneuvering in four arenas of competition Using this Four Arena analysis D Aveni explains how competitors engage in a struggle for control by seeking leadership in the arenas of price and quality timing and know how stronghold creation invasion and deep pockets Winners set the pace in each of these four competitive battlegrounds Using hundreds of detailed examples from hypercompetitive industries such as computers software automobiles airlines pharmaceuticals toys and soft drinks D Aveni demonstrates how hypercompetitive firms succeed in dynamic markets by disrupting the status quo and creating a continuous series of temporary advantages They seize the initiative D Aveni explains by employing a set of strategies he calls the New 7 S's Superior Stakeholder Satisfaction Strategic Soothsaying Speed Surprise Shifting the Rules of Competition Signaling Strategic Intent and Simultaneous and Sequential Thrusts Paradoxically firms must destroy their competitive advantages to gain advantage D Aveni shows Long term success depends not on sustaining an advantage through a static long term strategy but instead on formulating a dynamic strategy for the creating destruction and recreation of short term advantages America must embrace the new reality of hypercompetition D Aveni concludes in a compelling analysis of the potential chilling effect of American antitrust laws on competitiveness This masterful book essentially an operating manual of strategy and tactics for a new era will be required reading for managers planners consultants academics and students of hypercompetitive industries *The Horological Journal*, 1883 **Collier's Once a Week**, 1917 *McClure's Magazine*, 1912 *Operations of Encircled Forces*, 1952 *Engineering and Mining Journal*, 1897 **J-Z** James Orchard Halliwell-Phillips, 1855 *Small Things in*

Titanic: Ship of Lost Illusions Kevin Brown, 2025-05-30 A fresh exploration of the Titanic disaster reveals how class gender and racial prejudices shaped contemporary responses When it set sail on its ill fated maiden voyage RMS Titanic was a marvel of modern technology and the latest in luxury providing a gilded setting and false sense of security for its passengers to act out their imagined ideal lives in a reflection of pre First World War society When disaster struck in the form of an iceberg four days into its maiden voyage that society was frozen in a moment of time revealing class gender and racial discrimination that pervaded contemporary social attitudes Kevin Brown takes a fresh approach in exploring the social attitudes to class manliness heroism and cowardice social redemption the proper role of women and the social religious and racial prejudices revealed by the sinking He re evaluates the code of women and children first revealing how attitudes glorifying manliness influenced the behaviour of passengers and crew during the sinking as well as suggesting a narrative of chivalry and self sacrifice to create heroes from the victims and brand the surviving men as cowards an interpretation that is challenged here Eyewitness accounts evoke the horror of the night and reveal the underlying ideas of the day They also show that women played a less passive role than expected of them The responses to the sinking by politicians across the spectrum the labour movement and suffragettes suffragists and anti suffragists is explored to show more critical contemporary responses to the disaster that challenge the heroic narrative It was a world that was never so confident in modernity after the disaster but yet still held on to illusions of chivalry
