Sydenham Society,1898      *Advances in Pediatric Dermatology* - 2 Rashmi Sarkar,Arun C Inamadar,Aparna Palit,2014-03-20  
Volume two of this series brings clinicians fully up to date with the latest advances in the diagnosis and management of dermatological conditions in children specifically neonates Beginning with an introduction to general skin care in newborns each of the following chapters examines a different type of skin disorder and its diagnosis and management Topics cover common and more unusual conditions of varying degrees of severity This practical book includes more than 100 clinical photographs illustrations and tables The previous volume published in 2011 Key points Second volume in series covering paediatric dermatology specifically in neonates Covers numerous conditions from common disorders to more serious diseases Includes more than 100 images illustrations and tables Volume one published in 2011      **Preventive Dermatology** Robert A. Norman,2010-06-25 In his latest book Dr Robert A Norman introduces us to the intriguing concept of preventive dermatology Although dermatologists have long been patient advocates and have stressed vigorously on the importance of sun avoidance and protection there is still much more that we can do to prevent disease Dr Norman and his skilled coterie of collaborators discuss two distinct types of prevention in dermatology the prevention of skin diseases and the prevention of systemic disorders some with only very indirect connections to the skin The first is fairly well known to dermatologists the second is truly an emerging concept of great importance Educational efforts to prevent or at least control skin disease may range from the proper use of sunscreens to weight loss in psoriatic patients the avoidance of trigger factors in rosacea proper skin care in atopic dermatitis or adoption of a low fat diet to decrease the incidence of actinic keratosis and nonmelanoma skin cancer Another good example is the use of vaccines to protect against diseases such as herpes zoster and genital HPV infection in females
