when the Republican Right was called the Old Guard will rediscover the events and personalities of those earlier years thanks to Reinhard's use of more than thirty five manuscript collections and the most recent historical writing Not content to let this history end where traditional manuscript sources run thin Reinhard has brought the story of the Republican Right Wing forward to President Ronald Reagan's inauguration placing Right Wing Republican reaction to the Johnson and the Nixon Ford years within the context of the earlier period and chronicling the electoral triumph of Ronald Reagan and the Republican Right Students of the past and observers of the present will appreciate Reinhard's treatment of the always troubled Nixon Republican Right association challenger Ronald Reagan's battle against President Gerald Ford in 1976 the decline of GOP moderation and the rise of the New Right Moral Majority forces and their relationship to the now ascendant Republican Right Reinhard illuminates the conservative Republican past and thereby makes the current political scene more understandable Thoroughly researched and brilliantly written The Republican Right since 1945 will fascinate scholars and general readers alike
