**The Seal of Orestes** Ann G. Batchelder, 1995 In this groundbreaking inquiry into the poetics of authenticity and authority in Sophocles Electra Batchelder looks at Aegisthus and Orestes as rival dramatists who each use the illusions of the theater in a struggle for control of Mycenae She demonstrates that the Seal of Orestes the signet ring of his father is the recognition token not only for Electra but also for the entire play revealing Electra as a self referential play about play writing

**Sophocles** Michael Lloyd, 2005 Sophocles Electra deals with the famous story of Orestes vengeance on his mother Clytemnestra for her murder of his father Agamemnon This book discusses whether the matricide is a just and final act of violence or whether Sophocles ironically implies that it is more problematic than it seems Electra is notable among Sophocles plays for the prominent part played in it by female characters and especially the heroic resistance and suffering of Orestes sister Electra The book pays particular attention to the portrayal of Electra herself but also discusses wider issues of dramatic characterisation and Greek ethics Sophocles is one of the greatest masters of the medium in the history of theatre and the book explains the formal conventions of Greek tragedy and examines various aspects of his skill as a dramatist The book concludes with an examination of later adaptations of the play of which the most important is that by Hugo von Hofmannsthal 1903 a study in extreme psychology which he adapted to form the libretto for Richard Strauss's opera Elektra Bloomsbury Publishing
