Anthroposophical Soul Calendar and the Incarnation Cycle of Man Roland Schrapp, 2021-01-14 This book takes a completely new look at the Anthroposophical Soul Calendar It is about the deeper meaning of the fifty two weekly verses which has remained essentially unexplored in the last hundred years since the first edition by Rudolf Steiner A dense veil of Isis was spread over them of which is well known that no mortal person can lift it Only the immortal psycho spiritual human being who knows himself at home in the extrasensory higher worlds is capable of doing this Only to him the weekly verses reveal themselves as a travel guide through these worlds and lift him up to ever higher spiritual cosmic realms until he reaches the experience of God from where he gradually descends again into a new life on Earth enriched in spirit and fertilized in his soul If the reader embarks on this journey the spiritual archetype of the Soul Calendar is ultimately unveiled to him and he achieves an extended understanding of Man and Christ By many quotations from Rudolf Steiner's lectures and books the author virtually lets Steiner himself elucidate the breathtaking depths of his mysterious weekly verses *A Walk Through the Forest of Souls* Rachel Pollack, 2023 A magical journey that illuminates Tarot's many mysteries and hidden meanings A Walk through the Forest of Souls is for lovers of cartomancy who seek to unlock the full meanings of the cards as well as for spiritual seekers who will find the Tarot to be a new and beneficial tool to unlock the mysteries of the universe Using symbols and myths to illuminate the hidden mysteries and spiritual truths of the Tarot Rachel Pollack explores the connections and relationships between Tarot and such wide ranging subjects as mythology mythography folklore Kabbalah divination quantum physics time travel and more A Walk Through the Forest of Souls is a dazzling journey through the mysteries of Tarot suitable for Tarot masters but accessible to newcomers too [The New Experience of the Supersensible](#) Jeshiah Ben-Aharon, 2007 According to Rudolf Steiner's spiritual science the greatest spiritual event of our time is the renewal and reawakening of our human suprasensory relationship to the higher spiritual worlds The force that leads to this development called by various names in different cultural and religious traditions is called the Christ impulse by

Anthroposophy in accordance with Christian terminology Because of new naturally endowed suprasensory faculties human beings are increasingly able to experience and perceive through an act of grace the great spiritual force of the Christ impulse This experience is said to be a naturally given initiation and today we increasingly hear of such suprasensory experiences Today however a healthy approach to these natural phenomena requires us to comprehend suprasensory experiences with full awareness and clear thinking This book builds an all important bridge between the naturally given suprasensory experience and its conscious cognition As a result empirical suprasensory research can investigate the different aspects of Christ's etheric becoming and appearance in a way that both methodically and experientially fulfils the justified cognitive and scientific requirements of our age This new paperback edition adds a new introductory chapter

The World of Fairy Tales Rudolf Steiner,2013-04-01 There is a big difference in whether or not one has a child grow up with fairy tales The soul stirring nature of fairy tale pictures becomes evident only later on If fairy tales have not been given this shows itself in later years as weariness of life and boredom Indeed it even comes to expression physically fairy tales can help counter illnesses What is absorbed little by little by means of fairy tales emerges subsequently as joy in life in the meaning of life it comes to light in the ability to cope with life even into old age Children must experience the power inherent in fairy tales while young when they can still do so Whoever is incapable of living with ideas that have no reality for the physical plane dies for the spiritual world Rudolf Steiner

Journal of Religious Psychology, Including Its Anthropological and Sociological Aspects ,1915 Includes section Book reviews *The American Journal of Religious Psychology and Education* ,1914 Aristotelians and Platonists Luigi Morelli,2015-11-25 At the heart of this book is Rudolf Steiners culmination in the twentieth century or the convergence of the working of Aristotelians and Platonists for the renewal of culture And questions arise Where is the

whole of the School of Michael at present How can we characterize and honor one and the other stream and avoid stereotypes and misunderstandings This work approaches the matter in its historical unfolding in three successive steps in which Steiner Aristotles and Plato Schrers incarnations form a thread The first tableau opens up in the previous Age of Michael in Greece when Plato and Aristotle inaugurated the work of the two Michaelic streams The second addresses the Middle Ages and centers around the contrast between Alain de Lille and Thomas Aquinas between the School of Chartres and Scholasticism Steiners and Schrers life tasks in the nineteenth century form the prelude to the present The heart of the book and its longest section looks at the present It contrasts the working of Aristotelians and Platonists in the natural sciences in psychology and in the social sciences From the ground of extensive observation and characterization it then turns to pressing questions What can Platonists learn from Aristotelians And how about the reverse Starting from the example of individuals meeting across the streams how can we extend this understanding so that it becomes an ongoing practice and a cultural concern How can Michaelic individuals and institutions work in ways that honor the whole of the Michaelic movement
