A. Espriux,2017-08-09 The greater challenge of this book has been sorting through a conspiracy of biased data interpretation more than verification of the actual data It is as though the institutional foundation of academia has rigidly defined parameters of historically acceptable facts ignoring any evidence that does not fit within the target of measured agreement Not only are these several conclusions contrary to my personal experience but they border on absurdity in the open arena of logical discourse Therefore at the risk of sounding foolish to the world of secular thinking and sounding on the fringe to the minds of those most religious I have endeavored to remain true to my conscience through this intricate process of human analysis Even though I have explored the reasonable expectations constrained through many subjects of intellectual controversy I am kept in remembrance there is no greater meaning than love For by love the worlds are framed      **Silent Messages For Soul Searching ,      Subject Guide to Books in Print ,1996      Spirit Guide Contact Through Hypnosis** Bruce Goldberg,2025-09-12 Contacting spirit guides is as old as civilization itself Shamans dating back to at least 50 000 B C ritualistically contacted nonphysical entities The Mystery Schools of Ancient Egypt Greece Persia Rome and India also dealt with contacting spirit guides Every major religion acknowledges the reality of discarnate entities or spirits whether they are called saints angels the Holy Spirit and so on One of the purposes of this book is to demystify this process The media s depiction of spirit contact has led to the false assumption that anyone who establishes this contact must be in great danger In reality this communication is natural relatively simple and a wonderful growth experience Spirit communication removes

the fear of death and bereavement and results in a form of spiritual empowerment Contacting your spirit guides can help us Develop your intuition and other psychic abilities Increase your ability to love yourself and others Become more aware of the workings of the universe Establish better contact with your own Masters and Guides and Higher Self to facilitate your own spiritual evolution Protect you from negative entities and or other forces in the universe Access the wisdom of the ancients Establish and maintain your own physical mental emotional and spiritual health Overcome bad habits and fears Eliminate the fear of death See into the future Master the art of out of body experiences Learn your true karmic purpose Spirit Guide Contact Through Hypnosis includes free audio companion downloads      **The Alpha and the Omega** Louisa Crisp,2023-04-21 Drawing on scores of deep memories from her many clients Louisa Crisp shows that we can be free By shedding negative emotions traumas and conditioning we shine from the Divine essence that lives within This inextinguishable light cannot be taken from us yet many are choosing to live in fear and judgment in separation The Alpha and the Omega takes us on a breath taking journey from the moment our cosmos began to the present day revealing the cause of separation and the beginning of duality The second part of the book focuses on the life of Jesus the first person who was able to let go of his fears completely and to live in total alignment with Source Many valuable memories are revealed from individuals who lived during that time Louisa shows how we can take steps to free ourselves from emotional turmoil caused by separation from our true self By listening above all to our intuition we can embark on a voyage to the very core of our being This we will discover is the path to enlightenment      **EXPLORING REINCARNATION** Hans TenDam,2012-12-31 Exploring Reincarnation examines the full range of explanations for past life recall This definitive study includes case histories from around the world as well as intriguing theories about the relationship between body and soul from general social beliefs about past lives to detailed questions about karma and past life regression therapy An outstanding introduction to reincarnation from a historical scientific and philosophical point of view Exploring Reincarnation is the now classic panorama on reincarnation ideas and experiences
