## **Souls In Dispute Converso Identities In Iberia And The Jewish Diaspora 1580 17:**

**Souls in Dispute** David L. Graizbord, 2013-05-29 Throughout the Middle Ages the Iberian Peninsula was home to a rich cultural mix of Christians Jews and Muslims At the end of the fifteenth century however the last Islamic stronghold fell and Jews were forced either to convert to Christianity or to face expulsion Thousands left for other parts of Europe and Asia eventually establishing Sephardic communities in Amsterdam Venice Istanbul southwestern France and elsewhere More than a hundred years after the expulsion some Judeoconversos descendants of Spanish and Portuguese Jews who had converted to Christianity were forced to flee the Iberian Peninsula once again to avoid ethnic and religious persecution Many of them joined the Sephardic Diaspora and embraced rabbinic Judaism Later some of these same people or their descendants returned to Iberian lands temporarily or permanently and in a twist that Jewish authorities considered scandalous reverted to Catholicism Among them were some who betrayed their fellow conversos to the Holy Office In **Souls in Dispute** David L. Graizbord unravels this intriguing history of the renegade conversos and constructs a detailed and psychologically acute portrait of their motivations Through a probing analysis of relevant inquisitorial documents and a wide ranging investigation into the history of the Sephardic Diaspora and Habsburg Spain Graizbord shows that far from being simply reckless and vindictive the renegades used their double acts of border crossing to negotiate a dangerous and unsteady economic environment so long as their religious and social ambiguity remained undetected they were rewarded with the means for material survival In addition Graizbord sheds new light on the conflict ridden transformation of makeshift Jewish colonies of Iberian expatriates especially in the borderlands of southwestern France showing that the renegades failed to accommodate fully to a climate of conformity that transformed these Sephardic groups into disciplined communities of Jews Ultimately **Souls in Dispute** explains how and why Judeoconversos built and rebuilt their religious and social identities and what it meant to them to be both Jewish and Christian given the constraints they faced in their time and place in history

**Souls in Dispute** David L. Graizbord, 2004-01-14 Graizbord has profitably charted new territory namely an in depth examination of renegades or those conversos who departed from Christianity and Iberia only to return to both later Compelling and useful

**Jews and Protestants** Irene Aue-Ben David, Aya Elyada, Moshe Sluhovsky, Christian Wiese, 2020-08-24 The book sheds light on various chapters in the long history of Protestant Jewish relations from the Reformation to the present Going beyond questions of antisemitism and religious animosity it aims to disentangle some of the intricate perceptions interpretations and emotions that have characterized contacts between Protestantism and Judaism and between Jews and Protestants While some papers in the book address Luther's antisemitism and the NS Zeit most papers broaden the scope of the investigation Protestant Jewish theological encounters shaped not only

antisemitism but also the Jewish Reform movement and Protestant philosemitic post Holocaust theology interactions between Jews and Protestants took place not only in the German lands but also in the wider Protestant universe theology was crucial for the articulation of attitudes toward Jews but music and philosophy were additional spheres of creativity that enabled the process of thinking through the relations between Judaism and Protestantism By bringing together various contributions on these and other aspects the book opens up directions for future research on this intricate topic which bears both historical significance and evident relevance to our own time

**Religious Changes and Cultural Transformations in the Early Modern Western Sephardic Communities** Yosef Kaplan, 2019-02-11 From the sixteenth century on hundreds of Portuguese New Christians began to flow to Venice and Livorno in Italy and to Amsterdam and Hamburg in northwest Europe In those cities and later in London Bordeaux and Bayonne as well Iberian conversos established their own Jewish communities openly adhering to Judaism Despite the features these communities shared with other confessional groups in exile what set them apart was very significant In contrast to other European confessional communities whose religious affiliation was uninterrupted the Western Sephardic Jews came to Judaism after a separation of generations from the religion of their ancestors In this edited volume several experts in the field detail the religious and cultural changes that occurred in the Early Modern Western Sephardic communities Highly recommended for all academic and Jewish libraries David B Levy Touro College NYC in Association of Jewish Libraries News and Reviews 1 2 2019

**Dissident Rabbi** Yaacob Dweck, 2019-08-06 A revelatory account of a spiritual leader who dared to assert the value of rabbinic doubt in the face of messianic certainty In 1665 Sabbetai Zevi a self proclaimed Messiah with a mass following throughout the Ottoman Empire and Europe announced that the redemption of the world was at hand As Jews everywhere rejected the traditional laws of Judaism in favor of new norms established by Sabbetai Zevi and abandoned reason for the ecstasy of messianic enthusiasm one man watched in horror Dissident Rabbi tells the story of Jacob Sasportas the Sephardic rabbi who alone challenged Sabbetai Zevi s improbable claims and warned his fellow Jews that their Messiah was not the answer to their prayers Yaacob Dweck s absorbing and richly detailed biography brings to life the tumultuous century in which Sasportas lived an age torn apart by war migration and famine He describes the messianic frenzy that gripped the Jewish Diaspora and Sasportas s attempts to make sense of a world that Sabbetai Zevi claimed was ending As Jews danced in the streets Sasportas compiled The Fading Flower of the Zevi a meticulous and eloquent record of Sabbatianism as it happened In 1666 barely a year after Sabbetai Zevi heralded the redemption the Messiah converted to Islam at the behest of the Ottoman sultan and Sasportas s book slipped into obscurity Dissident Rabbi is the revelatory account of a spiritual leader who dared to articulate the value of rabbinic doubt in the face of messianic certainty and a revealing examination of how his life and legacy were rediscovered and appropriated by later generations of Jewish thinkers

**The Crypto-Jewish Mashhadis** Hilda Nissimi, 2006-12-01 This book tells the little known story of a fascinating crypto Jewish community through two centuries and three continents

Beginning as a precarious settlement of a few families in mid 18th century Mashhad an Islamic holy city in northern Iran the community grew into a closely knit group in response to their forced conversion to Islam in 1839 Muslim hostility and a culture of memory sustained by intra communal marriages reinforced their separate religious identity vesting it in strong family and communal loyalty Mashhadi women became the main agents of the cultural transmission of communal identity and achieved social roles and high status uncharacteristic for contemporary Jewish and Muslim communities The Mashhadis maintained a double identity upholding Islam in public while tenaciously holding onto their Jewish identity in secret The exodus from Mashhad after 1946 relocated the communal center to Tehran later to Israel and after the Khomeini revolution to New York The relationship between the formation and retention of communal identity and memory practices with interconnected issues of religion and gender draws upon existing research on other crypto faith communities such as the Judeoconversos the Moriscos and the French Protestants who through the special blend of memory faith and ethnicity emerged strengthened from their underground period For the immigration period the author challenges the old paradigm that modernity and religion are mutually exclusive The book also explores the sometimes uncomfortable yet intimate relationships that exist between seemingly incompatible ways of seeing the past both secular and religious

An Early Self  
Susanne Zepp, 2014-11-19 What role has Jewish intellectual culture played in the development of modern Romance literature Susanne Zepp seeks to answer this question through an examination of five influential early modern texts written between 1499 and 1627 Fernando de Rojas's *La Celestina* Leone Ebreo's *Dialoghi d'amore* the anonymous tale *Lazarillo de Tormes* the first picaresque novel Montaigne's *Essais* and the poetical renditions of the Bible by Joao Pinto Delgado Forced to straddle two cultures and religions these Iberian conversos Jews who converted to Catholicism prefigured the subjectivity which would come to characterize modernity As New Christians in an intolerant world these thinkers worked within the tensions of their historical context to question norms and dogmas In the past scholars have focused on the Jewish origins of such major figures in literature and philosophy Through close readings of these texts Zepp moves the debate away from the narrow question of the authors' origins to focus on the innovative ways these authors subverted and transcended traditional genres She interprets the changes that took place in various literary genres and works of the period within the broader historical context of the sixteenth and seventeenth centuries demonstrating the extent to which the development of early modern subjective consciousness and its expression in literary works can be explained in part as a universalization of originally Jewish experiences

Jews and Muslims in Seventeenth-Century Discourse Gary K. Waite, 2018-11-16 Jews and Muslims in Seventeenth Century Discourse explores for the first time the extent to which the unusual religious diversity and tolerance of the Dutch Republic affected how its residents regarded Jews and Muslims Analyzing an array of vernacular publications this book reveals how Dutch writers especially those within the nonconformist and spiritualist camps expressed positive attitudes toward religious diversity in general and Jews and Muslims in particular Through covering the Eighty Years War 1568 1648 and the post war era it also highlights how the Dutch search for allies against Spain led them to approach Muslim rulers The Dutch were assisted in this by their positive relations with Jews and were thus able to shape a more affirmative portrayal of Islam Revealing noticeable differences in language and tone between English and Dutch publications and exploring societal attitudes and culture Jews and Muslims in Seventeenth Century Discourse is ideal for students of British and Dutch early modern cultural intellectual and religious history **The New Christians of Spanish Naples 1528-1671 P.**

Mazur, 2013-05-30 This study reveals the more complex reality of Early Modern Naples than what has commonly been represented in which royal representatives in the city came to depend on the assistance of a series of merchants financiers and bureaucrats who shared a common identity as conversos descendants of converted Jews Women in Port Douglas Catterall, Jody Campbell, 2012-09-28 The practical application of micro historical approaches in Women in Port helps to re frame our understanding of women s possibilities in the Atlantic world Comparative Perspectives on Judaism and Jewish Identities Stephen Sharot, 2011 Comparative Perspectives on Judaism and Jewish Identities makes a unique contribution

building on but not duplicating Sharot's earlier work. There is no comparable work that covers all of these periods and particular cases. Harriet Hartman, professor of sociology at Rowan University. **Mediating Modernity** Lauren B. Strauss, Michael Brenner, 2008. A landmark collection of essays by prominent academics in modern Jewish and German Jewish history honoring Michael A. Meyer, a pioneer in those fields. In *Mediating Modernity*, contemporary Jewish scholars pay tribute to Michael A. Meyer, scholar of German Jewish history and the history of Reform Judaism, with a collection of essays that highlight growing diversity within the discipline of Jewish studies. The occasion of Meyer's seventieth birthday has served as motivation for his colleagues Lauren B. Strauss and Michael Brenner to compile this volume with essays by twenty-four leading academics representing institutions in five countries. *Mediating Modernity* is introduced by an overview of modern Jewish historiography largely drawing on Meyer's work in that field, delineating important connections between the writing of history and the environment in which it is written. Meyer's own areas of specialization are reflected in essays on Moses Mendelssohn, German Jewish historiography, the religious and social practices of German Jews, Reform Judaism, and various Jewish communities in America. The volume's field of inquiry is broadened by essays that deal with gender issues, literary analysis, and the historical relationship of Israel and the Palestinians. Though other volumes have been compiled to honor Jewish historians, *Mediating Modernity* is unique in the personal and intellectual relationships shared by its contributors and Michael A. Meyer. Scholars of Jewish studies, German history, and religious history will appreciate this timely volume.

Theorising the Ibero-American Atlantic, 2013-10-02. *Theorising the Ibero-American Atlantic* offers a fresh look at the Atlantic turn in Ibero-American Studies. Taking the criticisms launched at Atlantic Studies as a starting point, contributors query and explore the viability of the Ibero-American Atlantic as a framework of research. Their essays take stock of theories, methodologies, debates, and trends in recent scholarship and set down pathways for future research. As a result, the contributions in this volume establish the historical reality of the Ibero-American Atlantic as well as its tremendous value for scholarship. Contributors are Vanda Anastácio, Francisco Bethencourt, Harald E. Braun, David Brookshaw, Jorge Caizares, Esguerra Daniela, Flesler Andrew, Ginger Eliga, Gould David, Graizbord Thomas, Harrington Luis, Martín Cabrera, Jos C. Moya, Mauricio Nieto Olarte, Joan Ramon Resina, N. Michelle Shepherd, Lisa Vollendorf, and Grady C. Wray. The Jews and the Reformation Kenneth Austin, 2020-07-14. The first comprehensive account of Protestant and Catholic attitudes toward Jews and Judaism in the European Reformation. In this rich, wide-ranging and meticulously researched account, Kenneth Austin examines the attitudes of various Christian groups in the Protestant and Catholic Reformations towards Jews, the Hebrew language, and Jewish learning. Martin Luther's writings are notorious, but Reformation attitudes were much more varied and nuanced than these might lead us to believe. This book has much to tell us about the Reformation and its priorities and has important implications for how we think about religious pluralism more broadly. *The Legacy of Dutch Brazil* Michiel van Groesen, 2014-06-09. This book argues that Dutch Brazil, 1624-54, is an integral part of Atlantic history and that it made an

impact well beyond colonial and national narratives in the Netherlands and Brazil. In doing so, this book proposes a radical shift in interpretation. The Dutch Atlantic is widely perceived as an incongruity among more durable European empires, whereas Brazil occupies an exceptional place in the history of Latin America, which leads to a view of Dutch Brazil as self-contained and historically isolated. *The Legacy of Dutch Brazil* shows that repercussions of the Dutch infiltration in the Southern Hemisphere resonated across the Atlantic Basin and remained long after the fall of the colony. By examining its regional, national, and cosmopolitan legacies, thirteen authors trace the memories and mythologies of Dutch Brazil from the colonial period up until the present day and engage in broader debates on geopolitical and cultural changes at the crossroads of Atlantic and Latin American studies.
