J. de Kock,2024-04-11 In our world there s a lack of clear middle ground It s a divided place with political affiliations drawing lines between the left and the right Being in the middle is challenging our allegiances are pulled in different directions making it isolating and overwhelming to navigate life s complexities But we live from the middle between birth and death between events important dates and between stability and change In this uncertain space we face existential questions about identity the meaning of life our purpose and our place in the world This is the domain of theology Traditionally theology attempts to answer these questions from the top down declaring dogmas as absolute truths to remove the uncertainties However unexamined answers can become oppressive stifling vitality and can even become tyrannical answers of the left or the right This book suggests a different approach doing theology from the inside out and from the bottom up starting with sacred questions instead of rehearsed answers We don t expect that the answers we come to will be final However we expect to find God in the middle Theology is the practice of the presence of God where we integrate our love and knowledge of God to live wisely in a divided world *Reading as if for Life* David Dickinson,2025-04-24 Creaking open the pages of a heavy hardback or bending the spine of a poetry book over your knee on the train squinting over curled up pages by the light of a candle or scribbling notes in the margins in the corner of a sprawling library There are many who read as if for life many for whom as David Dickinson explores reading does not just feed the mind but also the soul Reading as if for Life takes us beyond the spirituality of sacred texts and into the spiritual possibilities of secular literature the opportunity to find or empty oneself the chance to engage in silent conversation with an absent other the appreciation of beauty and art the possibility of enlightenment From Augustine of Hippo to Thomas Hardy Iris Murdoch the poetry of R S Thomas Duffy and Donne and many other literary works David Dickinson explores how writers throughout the centuries have understood and experienced their own spirituality of reading For Dickinson these myriad journeys all bring us closer to an encounter with God dreaming ourselves into a world beyond This book invites its readers to see reading as a valuable spiritual exercise **Covenant Companion** ,1998 **Indianapolis Monthly** ,2004-01 Indianapolis Monthly is the Circle City s essential chronicle and guide an indispensable authority on what s new and what s news Through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of Indy s cultural landscape **Origins** ,1997-05 **Global Rhythm** ,2006 *The Literary Review* ,1993 *Sufi* ,1995 Chronicles ,2004 Subject Guide to Books in Print ,1971 **Charisma and Christian Life** ,2000
