Sweet Hereafter:

The Sweet Hereafter Russell Banks, 1997-09-08 When fourteen children from the small town of Sam Dent are lost in a tragic accident its citizens are confronted with one of life's most difficult and disturbing questions When the worst happens whom do you blame and how do you cope Masterfully written it is a large hearted novel that brings to life a cast of unforgettable small town characters and illuminates the mysteries and realities of love as well as grief The Sweet Hereafter was released as a major motion picture by Atom Egoyan in 1997 and won the Grand Prix at the Cannes Film Festival Egoyan also received Academy Award nominations for Best Director and Best Adapted Screenplay that year **New York Magazine**, 1997-11-24 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Take One's Essential Guide to Canadian Film** Wyndham Wise, 2001-12-15 Take One's Essential Guide to Canadian Film is the most exhaustive and up to date reference book on Canadian film and filmmakers combining 700 reviews and biographical listings with a detailed chronology of major events in Canadian film and television history Compiled by Wyndham Wise the editor and publisher of Take One Canada's most respected film magazine with a foreword by Canadian director Patricia Rozema this is the only reference book of its kind published in English Each film title is listed with credits a mini review and significant awards Biographical listings of directors producers actors writers animators cinematographers distributors exhibitors and independent filmmakers are accompanied by date and place of birth date of death if applicable a brief career overview and a filmography Wise celebrates Canadian achievement on both a national and an international scale and juxtaposes the distinctly Canadian with Canada's exports to Hollywood Maury Chaykin and Jim Carrey John Candy and William Shatner Mon Oncle Antoine and Porky's Highway 61 and Meatballs The Red Violin and The Art of War From great early Hollywood stars like Walter Huston Fay Wray Mary Pickford Norma Shearer and Marie Dressler to our current crop of star directors including Patricia Rozema Atom Egoyan David Cronenberg Denys Arcand Peter Mettler Guy Maddin and Robert Lepage Canadians have made an important but largely unrecorded contribution to the history of world cinema Impressive for its breadth of coverage refreshing in its opinionated informality this comprehensive and lively look at Canadian film culture at the start of the twenty first century admirably fills the gap Image and Territory Jennifer Burwell, Monique Tschofen, 2007 In a culture that often understands formal experimentation or theoretical argument to be antithetical to pleasure Atom Egoyan has nevertheless consistently appealed to wide audiences around the world If films like The Adjuster Calendar Exotica and The Sweet Hereafter have ensured him international cult status as one of the most revered of all contemporary directors Egoyan's forays into installation art and opera have provided evidence of his versatility

and confirmed his talents Throughout his career Atom Egoyan has shown himself to possess the rarest kind of singularity As Jonathan Romney puts it Egoyan's preoccupations and tropes have been so consistent that he's practically created his own genre³ 1995:8 Hrag Vartanian adds 'Egoyanesque' has become a word to film aficionados commonly understood to mean a cinematic moment that examines sexuality technology and alienation in the modern world³ 2004 For this singularity Egoyan is widely hailed as a true auteur someone carrying on the legacy of the European art house traditions of Bergman Godard and Truffaut Certainly his work bears a most recognizable signature there is no confusing an Egoyan work with anyone else's Like his art house predecessors Egoyan clearly intends that his work be as Dudley Andrew puts it 'read rather than consumed'³ that is viewed meditatively reflected upon and discussed 2000:24 And indeed in this world in which filmmaking has become commonplace where as Egoyan has said 'what used to be a rarified activity is now available to anyone with a digital camera and a computer'³ 2001b:18 he intends through much of his work to recall an earlier image culture in which artists had an ability to produce something that gained its power precisely through its rarity

Visualizing Difference Elzbieta H. Oleksy, 2017-02-17 In the wealth of literature on intersectionality as a concept theory political option and methodology little has been written on how it might be taught Proceeding from theory to practice Visualizing Difference fills in this lacuna and offers an original approach to a visual pedagogy that recognizes the necessity of integrating difference whilst also inspiring the reader to convey meanings from visuals that directly bear influence upon their lives This innovative volume proposes a novel approach to empirical investigation of the visual So far it has not been demonstrated how interconnections between various social differentials such as gender disability sexuality race ethnicity and nationality intersect in a particular lived experience and shape the reception of visual texts Oleksy thus focuses on documenting how critical analysis of films empowers students and gives them incentive to oppose normalizing power effects Through students personal narratives the reader will witness how subjectivity is indicative of the retrospective look at their own lives which classroom experiences of watching and discussing the films have stimulated This intriguing book will appeal to undergraduate and postgraduate students and postdoctoral researchers interested in Film Audience Intersectionality Sociology Pedagogy and Gender Studies

For They Know Not What They Do Slavoj Žižek, 2020-05-05 Psychoanalysis is less merciful than Christianity Where

God the Father forgives our ignorance psychoanalysis holds out no such hope Ignorance is not a sufficient ground for forgiveness since it masks enjoyment an enjoyment which erupts in those black holes in our symbolic universe that escape the Father's prohibition Today with the disintegration of state socialism we are witnessing this eruption of enjoyment in the re emergence of aggressive nationalism and racism With the lid of repression lifted the desires that have emerged are far from democratic To explain this apparent paradox says Slavoj Žižek socialist critical thought must turn to psychoanalysis For They Know Not What They Do seeks to understand the status of enjoyment within ideological discourse from Hegel through Lacan to these political and ideological deadlocks The author's own enjoyment of popular culture makes this an engaging and lucid exposition in which Hegel joins hands with Rossellini Marx with Hitchcock Lacan with Frankenstein high theory with Hollywood melodrama

Dreaming of Cinema Adam Lowenstein, 2014-11-11 Video games YouTube channels Blu ray discs and other forms of new media have made theatrical cinema seem old A sense of cinema lost has accompanied the ascent of digital media and many worry film's capacity to record the real is fundamentally changing Yet the Surrealist movement never treated cinema as a realist medium and understood our perceptions of the real itself to be a mirage Returning to their interpretation of film's aesthetics and function this book reads the writing films and art of Luis Buñuel Salvador Dalí Man Ray André Breton André Bazin Roland Barthes Georges Bataille Roger Caillois and Joseph Cornell and recognizes their significance for the films of David Cronenberg Nakata Hideo and Atom Egoyan the American remake of the Japanese Ring 1998 and a YouTube channel devoted to Rock Hudson Offering a positive alternative to cinema's perceived crisis of realism this innovative study enriches the meaning of cinematic spectatorship in the twenty first century

Dramatising Disaster Christine Cornea, Rhys Owain

Thomas,2013-02-14 The imagining of disaster has intensified across a wide range of media entertainment formats and genres in recent years and themes of disaster are regularly deployed in fictional films television drama series drama documentaries comic books and video games This being the case it is therefore vital that film and media scholars pay attention to the ways in which disaster is presented to us to the figurative strategies employed to the representational history of disaster in media to the metaphorical resonances of disaster themes and even to the ways in which entertainment media texts might be understood as part of a broader discourse of disaster within certain historical and cultural contexts *Dramatising Disaster* presents new and innovative research from both early career and more established academics Some of the chapters in this edited collection are based upon papers originally presented at a highly successful conference study day held by the School of Film Television and Media at the University of East Anglia in 2011 while others are specifically solicited contributions Distinct from previous more particularised film and media studies in this area this edited collection is focused not upon a specific disaster or specific disaster context but upon the wider topic of disaster in popular culture **The World Split**

Global Disasters Anthony Elliott,Eric Hsu,2016-04-14 Disasters of the 21st century differ substantially from other kinds of hazards that previous societies have had to cope with because of the twin forces of globalization and the communications revolution But what makes today s disasters industrial technological environmental and socio cultural so different in scope and impact What are the possible disasters of the future And how can we as collective humanity best manage and respond to the globalization of disasters *The Consequences of Global Disasters* makes a distinctive contribution to the ever expanding field of disaster research by developing a multi contextual multi disciplinary and multi methodological approach to the social analysis of disasters Anthony Elliott and Eric L Hsu have brought together a highly distinguished group of international contributors to focus on how people react to the unsettling effects of disasters which come in a multitude of forms Numerous

Lacan and Contemporary Film Todd McGowan,2020-09-08 This unique volume collects a series of essays that link new developments in Lacanian psychoanalytic theory and recent trends in contemporary cinema Though Lacanian theory has long had a privileged place in the analysis of film film theory has tended to ignore some of Lacan s most important ideas As a result Lacanian film theory has never properly integrated the disruptive and troubling aspects of the filmic experience that result from the encounter with the Real that this experience makes possible Many contemporary theorists emphasize the importance of the encounter with the Real in Lacan s thought but rarely in discussions of film By bringing the encounter with the Real into the dialogue of film theory the contributors to this volume present a new version of Lacan to the world of film studies These essays bring this rediscovered Lacan to bear on contemporary cinema through analysis of a wide variety of films including *Memento* *Eyes Wide Shut* *Breaking the Waves* and *Fight Club* The films discussed here demand a turn to Lacanian theory because they emphasize the disruptive role of the Real and of jouissance in the experience of the human subject There is a growing number of films in contemporary cinema that speak to film s power to challenge and disturb the complacency of spectators and the essays in *Lacan and Contemporary Film* analyze some of these films and bring their power to light Because of its dual focus on developments in Lacanian theory and in contemporary film this collection serves as both an accessible introduction to current Lacanian film theory and an introduction to the study

of contemporary cinema Each essay provides an accessible jargon free analysis of one or more important films and at the same time each explains and utilizes key concepts of Lacanian theory The collection stages an encounter between Lacanian theory and contemporary cinema and the result is the enrichment of both
