**Alchemists of Human Nature** Petteri Pietikainen,2015-10-06 A study of Modernist utopias of the mind This book examines the psychodynamic writings of Otto Gross C G Jung Wilhelm Reich and Erich Fromm It argues utopianism became increasingly important to the fundamental ambitions of all four thinkers and places the utopian impulse with the historical context of the early twentieth century

Switzerland--European Union René Schwok,2009 This study explains in an accessible manner the key elements of the relationship between the Swiss Confederation and the European Union The author begins by summarizing the main steps in this special and evolving relationship which has long oscillated between membership and marginalization He also guides us expertly through the thickets of referendums no fewer than fourteen from 1972 to the time of writing in which Swiss citizens have been given the opportunity to pass judgment on the European

question Finally and perhaps most importantly this volume explains why the Swiss still oppose joining the European Union It examines the thorny questions of identity reservations on policy matters preserving neutrality direct democracy and Swiss style federalism not to mention doubts regarding the economy which have done so much to shape public opinion and the official strategy of the Swiss Confederation Paradoxically the closer Switzerland gets to the EU through bilateral agreements the more distant prospects of joining the EU seem to become This is the conundrum at the heart of the relationship between the Swiss Confederation and the European Union which is expertly explored in this volume

**Hitler and Czechoslovakia in World War II** Patrick Crowhurst, 2013-10-24 The invasion of Czechoslovakia by Nazi Germany in March 1939 helped to precipitate Europe's descent into World War II six months later The move supposedly to protect the Sudeten Germans shocked many in Europe who saw it as a clear statement of intent by Hitler Here Patrick Crowhurst argues that occupation of the Sudetenland and the Czech lands was also crucial to the Nazi war machine The armaments factories and raw materials that Hitler seized accelerated Germany's capabilities Czech tanks would prove crucial in the Ardennes and as the Wehrmacht fought at Stalingrad Armaments Minister Albert Speer was corralling Czech industrial machinery to produce engines aircraft and equipment in support In addition new Slovakian and Czech primary material are used to give a new in depth account of the German reaction to the assassination of Reinhardt Heydrich on the streets of Prague in June 1942 The recriminations were brutal and dovetailed with Hitler's plans for the genocide of Czech Jewry This is a new side of the History of Nazi Europe and argues for the centrality of the Czech occupation in the overall narrative of World War II

Contemporary Jewish Writing in Switzerland Rafa?l Francis David Amadeus Newman, 2002-01-01 This anthology features an eclectic mix of eighteen modern works by a selection of Switzerland's heterogeneous community of Jewish writers Questions about Jewish identity and the legacy of the Holocaust remain current and controversial in Switzerland because of the country's now well publicized economic involvement with Hitler's Germany and the scandal that erupted when the purported Holocaust memoir of Benjamin Wilkomirski was revealed to be a hoax This collection includes an excerpt from a novel by Daniel Ganzfried the journalist who exposed the Wilkomirski Affair two chilling counterfactual accounts of a Nazi occupied Switzerland by television scriptwriter Charles Lewinsky an epistolary satire of contemporary Swiss and Jewish life by Sergue Hazanov a Russian Jewish immigrant lyrical evocations of exile by Gabriele

Markus a memoir by renowned theatre director Luc Bondy strikingly harsh portraits of contemporary European life from painter and performance artist Miriam Cahn and a screenplay about the Holocaust and Jewish refugees in Switzerland by Swiss filmmaker Stina Werenfels Surprising in its diversity and sometimes disturbing in its preoccupations this anthology will make it hard to generalize about Jewish life in Switzerland or to think in polarities such as Switzerland and the Jews
