Liechtenstein Country Study Guide - Strategic Information and Developments IBP, Inc., 2017-03-23 Cambodia Country Study Guide Volume 1 Strategic Information and Developments Everything you need to know about the country Geography history politics economy business etc *Switzerland, Including Liechtenstein* James Bunting, 1973 *Tax Havens for International Business* Adam Starchild, 2016-07-27 Tax Havens for International Business is a special management report that shows how the establishment of a tax haven operation in any of many locations worldwide can save more money than any internal tax shelter programme This volume provides a comprehensive step by step plan that simplifies the myriad complexities surrounding the formation and incorporation of branch offices and subsidiary companies within such tax havens as the Bahamas Bermuda the Cayman Islands Greece Hong Kong Luxembourg Malta The Netherlands Panama Puerto Rico and Switzerland In addition it presents detailed information on each tax haven s economic legal political cultural and geographical aspects which must be considered if such an enterprise is to operate successfully **A Constitutional Order of States?** Anthony Arnall, Catherine Barnard, Michael Dougan, Eleanor Spaventa, 2011-03-03 This collection celebrates the career of Professor Alan Dashwood a leading member of the generation of British academics who organised explained and analysed what we now call European Union law for the benefit of lawyers trained in the common law tradition It takes as its starting point Professor Dashwood s vivid description of the European Union as a constitutional order of states He intended that phrase to capture the unique character of the Union On the one hand it is a supranational order characterised by its own distinctive institutional dynamics and an unprecedented level of cohesion among and penetration into the national legal systems On the other hand it remains an organisation of derived powers the Member States retaining their character as sovereign entities under international law This theme permeates both the constitutional and the substantive law of the Union Contributors to the collection include members of the judiciary and distinguished practitioners officials and academics They consider the foundations strengths implications and shortcomings of this conceptual framework in various fields of EU law and policy The collection is an essential purchase for anyone interested in the constitutional framework of the contemporary European Union *The Handbook of Cross-Border Ethnic and Religious Affinities* Charity Butcher, 2019-04-16 Increasingly ethnic and religious variables are taken into account to explain conflict and relations between nations However ethnic and religious groups exist beyond the confines of frontiers In Africa for example hundreds of ethnic groups were divided by colonial borders and many retained kinship connections to their brethren in other countries thus creating cross border ethnic religious affinity Such cross border connections affect a variety of foreign policy from diplomacy to the use of force An internal problem can spread to other states or external actors can become involved in domestic disputes due to such factors Therefore data on cross border connections are essential to measure and assess their actual or potential effects on foreign policy or conflict This unique resource serves both qualitative and quantitative researchers For ease of use it is divided in

sections for each region of world with the entries organized by pairs of contiguous countries Each entry for a pair of countries briefly discusses the ethnic and religious groups that are common to both countries and the historical and current connections between these groups The entries are organized based on the Correlates of War country codes which are widely used by researchers and allow for country pairs to be organized geographically within each section to facilitate easy use of the data

Fundamentals of Offshore Banking: How to Open Accounts Almost Anywhere Walter Tyndale,2009-03-31 Offshore banking is a subject that conjures up notions of romance and intrigue Ideas of hidden millions tucked away in anonymous bank vaults and spies coming and going easily slip into a person s head However this is all very far from the truth Between the covers of this book the author introduces you to the basics of offshore banking Spelled out in simple black and white you will learn what is required to open an account in a distant foreign land Also discussed are many of the reasons that you would wish to take this step Finally many profiles of countries that are willing to accept international deposits are included With each of these profiles you will be given contact information to the banking regulators of that country and for the banks themselves
