**Swords Into Plowshares** Roger Burggraeve, Marc Vervenne, 1991      **Swords Into Plowshares, Volume Two** Arthur J. Laffin, 2010-05-01 On September 9 1980 the Plowshares Eight entered a General Electric plant in King of Prussia Pennsylvania and enacted the biblical command to beat swords into plowshares by hammering on the nose cones of two nuclear warheads and pouring blood on documents Since that time other small groups and individuals have entered manufacturing plants and military bases throughout the U S as well as in Australia Germany England Ireland Sweden and Holland to disarm components of nuclear and conventional weapons systems As of Spring 2003 there have been over 150 people who using hammers and other symbols have carried out over 75 plowshares and related disarmament actions This book recounts each of the actions that have occurred over the last twenty three years and includes information about the trials and sentences plowshares activists have received Photos of some of the actions and participants are also included in this chronology as well as other resources for peace and justice      **Swords Into Plows** Lillian D. Gardner, 2012-01-19 Swords into Plows is the story of an Ohio boy who wanted to be a blacksmith In the nineteenth century when this story takes place it was the custom to work for someone in the trade you wanted to learn However because John s father enlisted in the Union Army John was left to take care of the farm He farmed and found some time to work at the blacksmith shop too In the three years that John s dad was fighting in the South John did a lot of thinking about war and peace facing at home the daily reality of change Having few options he chose to find his inner strength and grow in reliance on God I wrote Swords into Plows in memory of my own grandfather John Fremont Dellinger whose life somewhat parallels the story Deciding to write the story I found William Dellinger s war record As I merge historical facts with family lore about my grandfather and watch families become separated by war today it is my hope that children like John are also wondering how peace happens Lillian Gardner      **Swords Into Plowshares, Volume Two** Arthur J. Claude Jr a preeminent scholar on international relations to define a third approach Pragmatic liberalism an in-between approach argues that a liberal world order can be sustained and promoted by the pragmatic application of liberal principles It rejects both the over pessimism of Realism and the over optimism of Idealism while refusing to maintain that the anarchic nature of the international system is unchangeable or even that we can change it overnight However it is possible to eventually improve the international system This melioristic approach to world order and international relations can be explained through the sophisticated writings of Inis L. Claude Jr who has remained a celebrated scholar and an example to students of international relations everywhere for over a half century      Merriam-Webster's Dictionary of Allusions Elizabeth Webber, Mike Feinsilber, 1999 A guide to references commonly used in speech and writing Explains more than 900 allusions Entries include examples from today's leading media A must for serious readers language lovers and ESL students      Swords Into Plowshares Michael Renner, 1990      War in the Bible and Terrorism in the Twenty-first Century Richard S. Hess, E. A. Martens, 2008 In February 2004 Denver Seminary's annual Biblical Studies conference addressed the question of modern

war and the teachings of biblical ethics regarding it A year earlier the invasion of Iraq had taken place The questions created by the outbreak of war prompted an urgency in the consideration of the topic Association for Christian Conferences Teaching and Service ACCTS provided ethicists and practitioners from within the military of both the U S and Great Britain Hess and Martens also solicited papers from leading theologians and advocates representing pacifist and just war views They have succeeded in bringing together a group of Christians representing a wide range of perspectives to debate and discuss their heritage and biblical roots with regard to questions of war and its ethical dilemmas from publisher description

**Canons in Conflict** James E. Brenneman, 1997-05-29 In this new study James Brenneman confronts the issue of conflicting canons with full force incorporating insights gained from both literary and biblical disciplines on the question of canon He begins with an illuminating tour through contemporary literary theory from Hans Robert Jauss to Stanley Fish and current discussions in theology about the canon He goes on to a consideration of true and false prophecy with a detailed examination of the three apparently conflicting versions of the Old Testament swords into

plowshares prophecy as found in Isaiah 2 2 4 5 Joel 4 9 12 Eng 3 9 12 and Micah 4 1 5 Suggesting that the dynamics controlling the process for negotiating between contradictory readings of prophetic texts are the same as those at work in adjudicating between canons in conflict Brenneman concludes by pointing the way towards an integrative approach appropriate to the question of canon and authority in a post modern pluralistic context **Between Making And Knowing: Tools In The History Of Materials Research** Joseph D Martin, Cyrus Mody, 2020-06-16 This book is indexed in Chemical Abstracts Service This book offers a comprehensive sketch of the tools used in material research and the rich and diverse stories of how those tools came to be We aim to give readers a sense of what tools materials researchers required in the late 20th century and how those tools were developed and became accessible The book is in a sense a collective biography of the components of what the philosopher of science Ian Hacking calls the instrumentarium of materials research Readers should gain an appreciation of the work materials researchers put into developing and using such tools and of the tremendous variety of such tools They should also gain some insight into the material and hence financial prerequisites for materials research Materials research requires funding for the availability and maintenance of its tools and the category of tools encompasses a broad range of substances apparatus institutions and infrastructure **The American Journal of Theology** University of Chicago.
