## Syllogismes De Lamertume:

, *European Literary Immigration Into the French Language* Tijana Miletić, 2008 The critical emotional and intellectual change which every immigrant is obliged to endure and confront is experienced with singular intensity by immigrant writers who have also adopted another language for their literary expression Concentrating on European authors of the second half of the twentieth century who have chosen French as a language for their literary expression and in particular the novels by Romain Gary Agota Kristof Milan Kundera and Jorge Semprun with reference to many others *European Literary Immigration into the French Language* explores some of the common elements in these works of fiction which despite the varied personal circumstances and literary aesthetics of the authors follow a similar path in the building of a literary identity and legitimacy in the new language The choice of the French language is inextricably linked with the subsequent literary choices of these writers This study charts a new territory within Francophone and European literary studies in treating the European immigrants as a separate group and in applying linguistic sociological and psychoanalytical ideas in the analysis of the works of fiction and thus represents a relevant contribution to the understanding of European cultural identity This volume is relevant to French and European literature scholars and anyone with interest in immigration European identity or second language adoption *Romanian Philosophical Culture, Globalization, and Education* Alin Tat, Stefan Popenici, 2007 *The Temptation to Exist* E. M. Cioran, 2013-02-01 This collection of eleven essays originally appeared in France thirty years ago and created a literary whirlwind on the Left Bank Cioran writes incisively about Western civilizations the writer the novel mystics apostles and philosophers The Temptation to Exist first introduced this brilliant European thinker twenty years ago to American readers in a superb translation by Richard Howard This literary mystique around Cioran continues to grow and The Temptation to Exist has become an underground classic In this work Cioran writes about Western civilizations the writer the novel about mystics apostles philosophers For those to whom the very word philosophy brings visions of arduous reading be assured Cioran is crystal clear his style quotable and aphoristic A sort of final philosopher of the Western world His statements have the compression of poetry and the audacity of cosmic clowning The Washington Post Thought as Experience in Bataille, Cioran, and Rosset Joseph Acquisto, 2024-06-13 Examines how postwar French writers constitute the thinking subject and reshape its relation to the external social world Joseph Acquisto analyzes the writings of three thinkers during and shortly after the Second World War who address the question of what it means to think and what it means to constitute oneself as a thinking subject at a time that seems to come after everything with the ruins of attacked cities echoing the remains of a philosophical tradition that was confident in its establishment of human beings as rational of reason leading to progress and of both the self and the world as knowable What Georges Bataille calls inner experience and Emil Cioran labels thinking against oneself is something akin to a drama not a mere representation of the self in relation to the world but a process of remapping the relation of subject to object of thought dialectically Acquisto argues that both writers adopt an

anti systematic approach to thinking that implicates fragmentary writing as a way of turning answers about subject object relations into questions Acquisto contends that this stands in contrast to the approach of Clement Rosset whose affirmation of the inaccessibility of the real leads to an anti intellectual grace filled affirmation of life as it is given under the guise of what he calls the tragic Bringing together thinkers that have seldom been discussed in a comparative light Thought as Experience in Bataille Cioran and Rosset examines the affective dimensions of thought as experience and considers the political stakes of postwar thought as out of order with the world from which it springs *French and German Letters Today* Gertrude Clarke Whittall Poetry and Literature Fund,1960

**Beckett and Cioran** Steven Matthews, 2024-04-30 This Element discusses the association between Samuel Beckett and the Romanian born philosopher E M Cioran It draws upon the known biographical detail but more substantially upon the terms of Beckett's engagement with Cioran's writings from the 1950s to the 1970s Certain of Cioran's key conceptualisations such as that of the metekue and his version of philosophical scepticism resonate with aspects of Beckett's writing as it evolved beyond the siege in the room More particularly aspects of Cioran's conclusion about the formal nature that philosophy must assume chime with some of the formal decisions taken by Beckett in the mid late prose Through close reading of some of Beckett's key works such as *Texts for Nothing* and *How It Is* and through consideration of Beckett's choices when translating between English and French the issues of identity and understanding shared by these two settlers in Paris are mutually illuminated

**Writing At Risk** Jason Weiss, 1991-10-01 Much has been made of the image of writers in Paris romanticized and idealized in fiction and on screen these migr artists in sidewalk caf s spark our imagination with unusual force But rarely do the real life figures speak to us directly to comment on their work their lives and their reasons for choosing to live and work in Paris In these striking interviews E M Cioran Julio Cort zar Brion Gysin Eug ne Ionesco Carlos Fuentes Jean Claude Carri re Milan Kundera Nathalie Sarraute and Edmund Jab s do just this as they speak out on the risks they ve taken on their struggles and discoveries on tradition challenge and their near unanimous status as migr s A consummate interviewer Jason Weiss spoke in depth with these pathbreaking artists regarding their lives their craft and their very special relationship to Paris Their writings were naturally the main focus of investigation but Weiss concern was always to build on previous interviews to deepen certain lines of inquiry and open new ones to contribute fresh material to the ongoing record The result is a series of invigorating detailed portraits that go beyond personality habits and pleasures to examine some of the causes and effects in the unique relationship of place and temperament Writing at Risk suggests that there is more than we suspect binding writers of such disparate cultures and genres perhaps their attitudes toward writing perhaps their common attraction to risk Readers will relish the immediacy of these interviews and will want to re discover the work of these exceptional artists

*All Gall is Divided* Emile M. Cioran, 1999 Romanian born E M Cioran moved to Paris at the age of 26 remaining there nearly six decades until his death in 1995 He was called a sort of final philosopher of the Western world and the last worthy disciple of Nietzsche the bleak aphorisms of *All Gall Is Divided* make a strong case for either appellation With every idea born in us he declares early on something in us rots Throughout the book he addresses the futile attempts of man to impose meaning on a meaningless existence That there should be a reality hidden by appearances is after all quite possible that language might render such a thing would be an absurd hope and nurses an ongoing fascination with the possibilities death holds for release from life s madness When the Dead Kennedys sang I look forward to death This world brings me down they might as well have been taking notes from Cioran Grim stuff but presented in brilliant crystalline form particularly in the translation by Richard Howard which retains Cioran s cold detached viewpoint
