Symbolic Earth Discourse And Our Creation Of The Environment:

The Symbolic Earth James G. Cantrill, Christine L. Oravec, 2021-10-21 The core dilemma in environmental advocacy may be illustrated by the question When we communicate about the world should we stress what we know or what we feel The contributors to *The Symbolic Earth* argue that it is more important to decide how we should talk about what we know and feel In their view the environment is largely a product of how we talk about the world Because the environment is a social construction the only hope we have of preserving it is to understand and alter the fundamental ways we discuss it This collection first examines the ways in which discourse creates environment perceptions Subjects discussed range from the description of natural scenery to the advocacy of political interest groups from the everyday interactions of citizens facing environmental crises to the greenwashing of corporate imagemakers and from the psychology of the mass public to the social constructions of the mass media The authors include nationally known scholars of environmental history rhetorical theory ethnography communication and journalism studies public policy and media criticism

The Symbolic Earth James Gerard Cantrill, 1996 The core dilemma in environmental advocacy may be illustrated by the question When we communicate about the world should we stress what we know or what we feel The contributors to *The Symbolic Earth* argue that it is more important to decide how we should talk about what we know and feel In their view the environment is largely a product of how we talk about the world Because the environment is a social construction the only hope we have of preserving it is to understand and alter the fundamental ways we discuss it This collection first examines the ways in which discourse creates env

Environmental Communication and the Wild Phillip D. Duncan, Derek Moscato, 2025-07-10 This edited volume brings together scholars teachers journalists activists and filmmakers engaged in environmental communication and media studies to explore the constructions of primitive and wild spaces in our cultural creations of film television advertising social media infrastructure and new technologies among other media Contributors present close analyses of a number of examples including Indigenous social media activism National Geographic VanLife content Japanese haikyo and more to examine the representation commodification exploitation and politicization of primitive and wild natural areas in contemporary media and technology Ultimately this collection demonstrates that while the media of wild representations have significantly changed since the days of our ancestors the same themes of reverence fear beauty power and awe are still reflected and coopted Scholars of environmental studies communication popular culture technology studies and media studies will find this book of particular interest

Routledge Handbook of Ecocriticism and Environmental Communication Scott Slovic, Swarnalatha Rangarajan, Vidya Sarveswaran, 2019-02-01 Ecocriticism and environmental communication studies have for many years coexisted as parallel disciplines occasionally crossing paths but typically operating in separate academic spheres These fields are now rapidly converging and this handbook aims to reinforce the common concerns and methodologies of the sibling disciplines The *Routledge Handbook of Ecocriticism and Environmental Communication* charts the history of the relationship

between ecocriticism and environmental communication studies while also highlighting key new paradigms in information studies diverse examples of practical applications of environmental communication and textual analysis and the patterns and challenges of environmental communication in non Western societies Contributors to this book include literary film and religious studies scholars communication studies specialists environmental historians practicing journalists art critics linguists ethnographers sociologists literary theorists and others but all focus their discussions on key issues in textual representations of human nature relationships and on the challenges and possibilities of environmental communication The handbook is designed to map existing trends in both ecocriticism and environmental communication and to predict future directions This handbook will be an essential reference for teachers students and practitioners of environmental literature film journalism communication and rhetoric and well as the broader meta discipline of environmental humanities

Communicating Environmental Patriotism Anne Marie Todd, 2013-06-07 Environmental patriotism the belief that the national environment defines a country's greatness is a significant strand in twentieth century American environmentalism This book is the first to explore the history of environmental patriotism in America through the intriguing stories of environmental patriots and the rhetoric of their speeches and propaganda The See America First movement began in 1906 with the aim of protecting and promoting the landscapes of the American West In 1908 Gifford Pinchot and President Theodore Roosevelt hosted the White House Conservation Conference to promote the wise use of natural resources for generations of Americans In 1912 Pittsburgh's smoke investigation condemned the effects of coal smoke on the city's environment In World War II a massive propaganda effort mobilized millions of Americans to plant victory gardens to save resources for the war abroad While these may not seem like crucial moments for the American environmental movement this new history of American environmentalism shows that they are linked by patriotism The book offers a provoking critique of environmentalists communication strategies and suggests patriotism as a persuasive hook for new ways to make environmental issues a national priority This original research should be of interest to scholars of environmental communication environmental history American history and environmental philosophy **Green Politics** Dustin

Fracking and the Rhetoric of Place Justin Mando, 2021-10-19 Fracking and the Rhetoric of Place investigates the rhetorical strategies of speakers at public hearings on hydraulic fracturing fracking in order to understand how places shape and are shaped by citizens as they engage in their democracy As an important argumentative resource in environmental controversy the rhetoric of place helps citizens situate themselves within local contexts and raise their voices in times of social conflict Justin Mando uses rhetorical analysis discourse analysis and corpus analysis to offer scholars of place based rhetoric and environmental communication a heuristic approach to studying their own sites This approach reveals that place based arguments are a ubiquitous rhetorical resource in the dispute over hydraulic fracturing that shapes how the issue is perceived Pro frackers and anti frackers use rhetoric of place in striking ways that reveal their values motivations strengths and weaknesses Place functions as an interface of potential common ground that connects the local to the global what is here to what is there Scholars and students of rhetoric communication and environmental studies will find this book particularly interesting

Walt Whitman and the Earth M. Jimmie Killingsworth, 2009-11 Now I am terrified at the Earth it is that calm and patient It grows such sweet things out of such corruptions It turns harmless and stainless on its axis with such endless successions of diseases and corpses It distills such exquisite winds out of such infused fetor It renews with such unwitting looks its prodigal annual sumptuous crops It gives such divine materials to men and accepts such leavings from them at last Walt Whitman from This Compost How did Whitman use language to figure out his relationship to the earth and how can we interpret his language to reconstruct the interplay between the poet and his sociopolitical and environmental world In this first book length study of Whitman s poetry from an ecocritical perspective Jimmie Killingsworth takes ecocriticism one step further into ecopoetics to reconsider both Whitman s language in light of an ecological understanding of the world and the world through a close study of Whitman s language Killingsworth contends that Whitman

s poetry embodies the kinds of conflicted experience and language that continually crop up in the discourse of political ecology and that an ecopoetic perspective can explicate Whitman's feelings about his aging body his war torn nation and the increasing stress on the American environment both inside and outside the urban world He begins with a close reading of This Compost Whitman's greatest contribution to the literature of ecology from the 1856 edition of Leaves of Grass He then explores personification and nature as object as resource and as spirit and examines manifest destiny and the globalizing impulse behind Leaves of Grass then moves the other way toward Whitman's regional even local appeal demonstrating that he remained an island poet even as he became America's first urban poet After considering Whitman as an urbanizing poet he shows how in his final writings Whitman tried to renew his earlier connection to nature Walt Whitman and the Earth reveals Whitman as a powerfully creative experimental poet and a representative figure in American culture whose struggles and impulses previewed our lives today
