Sylvie Bacquet

Symbolism In Relation To Religion Or Christianity The Source Of Its Teaching And Symbolism:

Symbolism in Relation to Religion James Ballantyne Hannay, 1971 *Symbolism in Relation to Religion; Or, Christianity: the Source of Its Teaching and Symbolism* James Ballantyne Hannay, *Friendship in Doubt* Richard Kaczynski, 2024 Rebellious against Victorian religious and social strictures occultist Aleister Crowley soldier J F C Fuller and poet Victor Neuburg were active contributors and participants in the British secularist movement at the dawn of the twentieth century *Friendship in Doubt* examines how the Agnostic movement inspired and introduced them to each other as foundational figures in the new religious movement of Thelema **Christianity** James Ballantine Hannay, 1913 **The History of Freemasonry, Its Antiquities, Symbols, Constitutions, Customs, Etc** Robert Freke Gould, 1885 **The Lautsi Papers: Multidisciplinary Reflections on Religious Symbols in the Public School Classroom** Jeroen Temperman, 2012-09-06 Each from their own discipline and perspective these scholars contribute to the question of whether in the present day pluralist state there is room for state symbolism or personal religious signs or attire in the public school classroom *Meaning and Method in Comparative Theology* Catherine Cornille, 2019-04-29 The first systematic overview of the field of comparative theology *Meaning and Method in Comparative Theology* offers a synthesis of and a blueprint for the emerging field of comparative theology It discusses various approaches to the field the impact of religious views of other religions on the way in which comparative theology is conducted and the particularities of comparative theological hermeneutics It also provides an overview of the types of learning and of the importance of comparative theology for traditional confessional theology Though drawing mainly from examples of Christian comparative theology the book presents a methodological framework that may be applied to any religious tradition *Meaning and Method in Comparative Theology* begins with an elaboration on the basic distinction between confessional and meta confessional approaches to comparative theology The book also identifies and examines six possible types of comparative theological learning and addresses various questions regarding the relationship between comparative and confessional theology Provides a unique and objective look at the field of comparative theology for scholars of religion and theologians who want to understand or situate their work within the broader field Contains methodological questions and approaches that apply to comparative theologians from any religious tradition Recognizes and affirms the diversity within the field while advancing unique perspectives that might be the object of continued discussions among theologians *Meaning and Method in Comparative Theology* offers an important basis for scholars to position their own work within the broader field of comparative theology and is an essential resource for anyone interested in theology conducted in dialogue with other religious traditions 2021 PROSE Finalist in the Theology Religious Studies category *A Survey of Sex and Celibacy in Religion* T. Clifton Longworth, 2003-04 Why was sex so important in early religions Why have there been so many sexual scandals with priests How and why did the practice of celibacy begin Is being celibate psychologically helpful to monks nuns and others who must practice it This book examines

the role of sex in religion from the earliest known time of pre Christian cults up into the modern day It is the only book we know of that approaches the problem of sex and celibacy in religion in such a complete and thorough way It describes an age old struggle being waged by religious representatives between their own natural state of human sexuality and its complete suppression in the name of God

Pagan and Christian Creeds: Their Origin and Meaning Edward Carpenter,2022-09-16 In Pagan and Christian Creeds Their Origin and Meaning Edward Carpenter embarks on a profound exploration of the intersections between ancient religious practices and emerging Christian thought Through a critical lens Carpenter adopts a comparative approach dissecting the mythologies rituals and beliefs of various pagan traditions alongside the tenets of Christianity His writing merges lyrical prose with scholarly analysis reflecting the burgeoning interests of the late 19th century in spirituality and religious syncretism This book serves not only as a historical account but also as an invitation to reassess the roots of faith and its transformative power within the fabric of society Edward Carpenter a prominent social reformer and writer was deeply influenced by his commitment to human rights spirituality and the natural world His own journey of self discovery and advocacy for individuality alongside his extensive studies in theology and anthropology culminated in this seminal work Carpenter sought to challenge the dogmas of religious institutions and promote a deeper more personal connection to spirituality which inspired him to articulate the underlying unity among diverse religious beliefs For readers seeking to understand the philosophical underpinnings of modern spirituality Pagan and Christian Creeds stands as a critical text Carpenter s articulate synthesis of ancient and contemporary belief systems will invoke thoughtful reflection on the origins of modern faith This book is essential for scholars and laypersons alike who wish to navigate the complexities of religious evolution and their resonances in contemporary life

Journal of the Royal Institute of British Architects ,1896 **Practical Teacher's Art Monthly** ,1900 **Brümmer on Meaning and the Christian Faith** Vincent Brümmer,2019-10-01 This volume presents a wide ranging selection from the writings of a leading contemporary philosophical theologian Vincent Brümmer In his many books and articles Brümmer has demonstrated how the tools of philosophical analysis are not only fruitful but also essential for dealing with the central issues of systematic theology The title of this volume Meaning and the Christian Faith highlights two characteristic themes that recur throughout the many writings of Vincent Brümmer Much of his work has been devoted to exploring the meaning of the Christian faith and especially of its central claim that God is a personal being whose fellowship believers may enjoy On the other hand Brümmer has also shown that religious belief should not be understood as an explanatory theory but rather as a way in which believers understand the meaning of their lives and their experience of the world and direct their lives accordingly Thus in the Christian tradition believers claim that their lives are meaningful because they seek to attain ultimate happiness in the love of God In the introductory sections throughout this volume Vincent Brümmer describes how he came to pay attention to the various themes dealt with in his writings and explains why he came to deal with them in the ways he did

Theology of the

Westminster Symbols Edward Dafydd Morris, 1900
Staniland Wake, 1875

Ancient Symbol Worship Hodder Michael Westropp, Charles
Theological Education and Christian Scholarship for Human Flourishing Celucien L.

Joseph, 2022-09-14 This book explores the interconnection of theological education and Christian scholarship cultural and theological hermeneutics pedagogy and community knowledge democracy and citizenship Yet the three major disciplines or discourses covered in this work include multicultural education theology and hermeneutics through the lens of human flourishing and the concept of the good life From this angle this project is written from three different methods and approaches that intersect with each other a theology of contextualization a hermeneutics of interculturality and a pedagogy of cultural literacy and transformative community knowledge The book advances the idea that theological education should be the starting point to foster candid conversations about the importance of democracy and human rights civic engagement and the political life inclusion and diversity and pluralism and difference in our multicultural society The book uses the tools of multicultural education and cultural knowledge to enhance democracy and promote fundamental human virtues that would sustain the good life and human flourishing in the world in the Aristotelian sense and in the Socratic idea of local and world citizenship Finally this text offers an alternative vision to contemporary theological education to deconstruct the white male and Eurocentric narratives of theological education and Christian scholarship

The Symbolism of Marriage in Early Christianity and the Latin Middle Ages Line Cecilie Engh, 2025-10-01 In the Middle Ages everyone it seems entered into some form of marriage Nuns and even some monks married the bridegroom Christ Bishops married their sees The popes as vicars of Christ married the universal Church And lay people high and low married each other What united these marriages was their common reference to the union of Christ and Church Christ's marriage to the Church was the paradigmatic symbol in which all the other forms of union participated in superior or inferior ways This book grapples with questions of the impact of marriage symbolism on both ideas and practice in the early Christian and medieval period In what ways did marriage symbolism with its embedded concepts of gender reproduction household and hierarchy shape people's thought about other things such as celibacy ecclesial and political relations and devotional relations How did symbolic cognition shape marriage itself And how if at all were these two directions of thinking symbolically about marriage related multidisciplinary approach high precision conceptual analyses a case study of symbolical cognition

Theological Interpretation of Culture in Post-Communist Context Ivana Noble, 2016-12-05 Twenty years after the fall of Communism in Central and East Europe is an occasion to reevaluate the cultural and theological contribution from that region to the secularization post secularization debate Czech theologian Ivana Noble develops a Trinitarian theology through a close dialogue with literature music and film which formed not only alternatives to totalitarian ideologies but also followed the loss and reappearance of belief in God Noble explains that by listening to the artists the churches and theologians can deal with questions about the nature of the world memory and ultimate fulfilment in a more nuanced way Then as partakers in the search undertaken by their secular

and post secular contemporaries theologians can penetrate a new depth of meaning sending out shoots from the stump of Christian symbolism Drawing on the rich cultures of Central and East Europe and both Western and Eastern theological traditions this book presents a theological reading of contemporary culture which is important not just for post Communist countries but for all who are engaged in the debate on the boundaries between theology politics and arts *Jesus, Symbol of God* Roger Haight,1999 Already hailed as a landmark in contemporary Catholic theology *Jesus Symbol of God* surveys scriptural data the key moments in the development of doctrine and the distinctive horizons of our contemporary world to develop a comprehensive and systematic christology for our time The task of christology is to explain what it means to say that Jesus is the bearer and revealer of God in the Christian community the decisive mediation of God s salvation or in other words the symbol of God

Religious Symbols and the Intervention of the Law Sylvie Bacquet,2019-06-11 In contemporary pluralist states where faith communities live together different religious symbols and practices have to coexist This may lead to conflicts between certain minority practices and the dominant majority particularly around the manifestation of belief in the public domain which may be seen both by the religious and secular majorities as a threat to their cultural heritage or against the secular values of the host country The law has to mitigate those tensions in order to protect the public from harm and preserve order but in doing so it may where necessary have to limit citizens ability to freely manifest their religion It is those limitations that have been disputed in the courts on grounds of freedom of religion and belief Religious symbols are often at the heart of legal battles with courts called upon to consider the lawfulness of banning or restricting certain symbols or practices This book analyses the relationship between the state individuals and religious symbols considering the three main forms of religious expression symbols that believers wear on their body symbols in the public space such as religious edifices and rituals that believers perform as a manifestation of their faith The book looks comparatively at legal responses in England the U S A and France comparing different approaches to the issues of symbols in the public sphere and their interaction with the law The book considers religious manifestation as a social phenomenon taking a multidisciplinary approach to the question mixing elements of the anthropology history and sociology of religion in order to provide some context and examine how this could help inform the law

The New Schaff-Herzog Encyclopedia of Religious Knowledge Samuel Macauley Jackson,Charles Colebrook Sherman,George William Gilmore,1911
