family clans Creation myths of all cultures throughout space and time most clearly illustrate this fact They report how a God or a community of gods conjure out of nothing a Universe along with its physical and spiritual processes that are usually consciously perceived again only by Initiates Modern Science since the century of Enlightenment has always tried to supplant such myths by so called objective discoveries and facts However it has become clear more and more that those scientific views are just another myth but which remains blind to the essence of things namely to what we call Spirit Light and Life The popular myth of the Big Bang so typical for noise and aggression in our modern world is the grossest cankerous outgrowth thereof The present book brings a Genesis in twelve Theses in a modern language on the basis of the simplest symbols ever Its elucidations by P Martin occasionally using some neologisms for relations never described before include the paradigmata of oldest myths but in the meantime formulate a consequent synthesis of modern Physics and classic spirituality It also shows where the fundamental Hermetic laws come from how divine idea forms grow into material realities how the Kingdoms of Nature came forth and the principles of the spiritual Path of Transfiguration leading to the redemption of Humanity Besides the Aquarius Genesis this book contains two tales in a typical mythic style making visible the inner Plan of the Universe along with a scenic dialogue and a classic philosophical treatise About the Essence of Being is a modern theory of ideas which authored 60 years ago already achieves to reduce all processes to vibration cycles and to Energy Numerous pictures some of them full page and in depth Notes explaining further the text and images complete this book An international review comments Thus it must be Old Truths of the Past are being confirmed by the new Truths of today
