explanation highlights the complex relationship between institutional structures and the critical junctures provided by economic crises revealing that the ability of groups like organized labor to wield influence on reform efforts depends to a great extent on not only their current resources such as financial autonomy and legal prerogatives but also the historical legacies of their past ties to the state This new edition features an epilogue that analyzes the role of organized labor uprisings in 2011 the protests in Egypt the overthrow of Mubarak and the post Mubarak regime **Greek Society in the Making, 1863-1913** Philip Carabott, 2018-12-21 First published in 1997 Carabott creates a volume exploring the struggle between the forces of modernity and those who resisted and denied it providing the underlying theme of this volume Using a wide array of sources and drawing parallels with processes elsewhere in Europe the contributors focus on such topics as secularization and the church education and irredentism shifts in the language of political contention the feminist awareness in prose Historical writing on Greece in this era has tended to concentrate on facts and on the roles of individuals and foreign powers The papers here which derive from research presented to a conference at King's College London in 1995 aim rather to look at the potency of social forces and groupings and offer a critical and often revisionist account of the fundamental changes in society that marked the period from the 1860s to the start of the present century **The Greeks in Egypt, 1919-1937** Alexander Kitroeff, 1989 **L'argent noir des syndicats** Roger Lenglet, Christophe Mongermont, Jean-Luc Touly, 2008-05-14 Les grandes sociétés ne lésinent pas sur les moyens pour s'acheter la complaisance de nombreux syndicalistes versements cachés cadeaux personnels emplois fictifs paiements en liquide primes exubérantes avancements et avantages inductions de délits arrangés Ce livre est une enquête détaillée sur la corruption et les dérives financières du monde syndical Grâce de nombreux témoignages et documents les auteurs deux syndicalistes qui ont plusieurs fois fait la preuve de leur incorruptibilité et un journaliste d'investigation rapportent nous l'ampleur des pratiques destinées à neutraliser les syndicats en France **International Labour Documentation** International Labour Office.
