African Union and Agenda 2063: The Past, Present and Future Adeoye O. Akinola,Khabele Matlosa,2025-06-28 Since its official launch on 9 July 2002 in Durban South Africa the African Union AU has taken on the complex mantle of promoting peace governance development and continental integration building on the legacy of its predecessor the Organisation of African Unity OAU While the OAU championed the liberation and unity of African states the AU expanded this vision under the broader framework of Pan Africanism aligning it with modern challenges and aspirations As the AU marked its 20th anniversary in 2022 there emerged a critical need to evaluate its performance particularly in relation to Agenda 2063 The Africa We Want a strategic vision for Africa s long term transformation adopted in 2013 Understanding the AU s trajectory requires reflection on the historical struggles that shaped Pan Africanism including colonialism apartheid and racial injustice Key milestones such as the African Continental Free Trade Area AfCFTA reflect progress but limited advancement in flagship projects like the Free Movement of Persons and Silencing the Guns initiative highlights persistent challenges This book African Union and

Agenda 2063 The Past Present and Future undertakes a critical assessment of the AU's 20 year record aiming to reinvigorate Pan African consciousness and examine the structural and political constraints hindering the Union's effectiveness in achieving lasting peace prosperity and unity across the continent

Lone Wolf Terror and the Rise of Leaderless Resistance George Michael, 2021-04-30 On July 22 2011 Anders Behring Breivik detonated a car bomb in downtown Oslo Norway He didn't stop there traveling several hours from the city to ambush a youth camp while the rest of

Norway was distracted by his earlier attack That s where the facts end But what motivated him Did he have help staging the attacks The evidence suggests a startling truth that this was the work of one man pursuing a mission he was convinced was just If Breivik did indeed act alone he wouldn t be the first Timothy McVeigh bombed a federal building in Oklahoma City based essentially on his own motivations Eric Robert Rudolph embarked on a campaign of terror over several years including the Centennial Park bombing at the 1996 Olympics Ted Kaczynski was revealed to be the Unabomber that same year And these are only the most notable examples As George Michael demonstrates in *Lone Wolf Terror and the Rise of Leaderless Resistance* they are not isolated cases Rather they represent the new way warfare will be conducted in the twenty first century *Lone Wolf Terror* investigates the motivations of numerous political and ideological elements such as right wing individuals ecoextremists foreign jihadists and even quasi governmental entities In all these cases those carrying out destructive acts operate as lone wolves and small cells with little or no connection to formal organizations Ultimately Michael suggests that leaderless resistance has become the most common tactical approach of political terrorists in the West and elsewhere New Zealand And The World: Past, Present And Future Robert G Patman,Iati Iati,Balazs Kiglics,2017-12-28 The aim of this book is to provide the reader with an overview of New Zealand s international relations It is a country that has often shown an international presence that is out of proportion to the modest spectrum of national economic military and diplomatic capabilities at its disposal In this volume the editors have called upon a range of specialists representing a range of views drawn from the worlds of academia policy making and civil society It is an attempt to present a rounded picture of New Zealand s place in the world one that does not rely exclusively on any particular perspective The book does not claim to be exhaustive But it does seek to present a more wide ranging treatment of New Zealand s foreign relations than has generally been the case in the past Five broad themes help shape and organize the contributions to the text **Gender and the Political** A. Third,2014-10-23 Analyzing women labeled as terrorists in the United States in the late 1960s and early 1970s *Gender and the Political* examines Western cultural constructions of the female terrorist The chapters argue that the development of the discourse on terrorism evolves in parallel with and in response to radical feminism in the US during this time The Oxford Handbook of the History of Terrorism Carola Dietze,Claudia Verhoeven,2022 The Oxford Handbook of the History of Terrorism presents a re evaluation of the major narratives in the history of terrorism exploring the emergence and the use of terrorism in world history from antiquity up to the twenty first century The volume presents terrorism as a historically specific form of political violence that was generated by modern Western culture and then transported around the globe where it interacted with and was transformed in accordance with local conditions It offers cogent arguments and well documented case studies that support a reading of terrorism as a modern phenomenon as well as sustained analyses of the challenges involved in the application of the theories and practices of modernity and terrorism to non Western parts of the world both for historical actors and academic commentators *The ^AOxford Handbook of the History of Terrorism* Carola

Dietze, Claudia Verhoeven, 2021-11-15 The Oxford Handbook of the History of Terrorism presents a re evaluation of the major narratives in the history of terrorism exploring the emergence and the use of terrorism in world history from antiquity up to the twenty first century The volume presents terrorism as a historically specific form of political violence that was generated by modern Western culture and then transported around the globe where it interacted with and was transformed in accordance with local conditions It offers cogent arguments and well documented case studies that support a reading of terrorism as a modern phenomenon as well as sustained analyses of the challenges involved in the application of the theories and practices of modernity and terrorism to non Western parts of the world both for historical actors and academic commentators
