finally made the huntsmen want to seek and capture the wolves were these main issues One the Los Angeles zoo was offering a large amount of money for two legendary Devil Dogs from India The second aspect was they heard that a single Devil Dog had fought and killed a Siberian Tiger this factor increased their inquisitiveness and curiosity of this sensational beast and its folklore Their egos also played a part in their judgment to capture the animals An element they had to contemplate and had caused them concern was that they were told that the beast only come out after the sun has set Nightfall this is an advantageous factor for the nighttime predator So these beasts were nocturnal hunters this was not an odd characteristic for any wolf but still it was a concern for the hunters All these tidbits of information just enticed Roman and Elsbone even more and it heightened their hunting and ego desires The two English veteran hunters were now traveling toward their prey and compensations as they were now heading toward the foothills of the snowcapped Himalayas the hunting grounds of the Devil Dogs The huntsmen eventually had left their regular and familiar stomping grounds of South Africa years earlier because of the civil turmoil that continues to cause chaos and havoc with many of the unsettled tribes and conformed city dwellers The other object and issue was now there are all the new restrictions and hunting laws causing hardship on hunters and trappers also there were the conservation laws protecting the wild beast limiting them even more Elsbone and Roman left Africa and went and took their trade to South America But after some time they grew tired of the humid atmosphere the different language and customs along with the constant damp eerie rain forest So now they were here in India following the harsh rumors of the ferocious wild Devil Dogs that killed cattle pigs and villagers and now they also heard even killed mountain lions The hunters journey did have some hardships They needed to travel far through hot rough desolate deserts with very cold nights
