Resident Psychotherapist at the B B C Kahr also examines the ways in which references to the media enter the consulting room and provide clinicians with important insights about hidden aspects of the minds of their patients Moreover he investigates the historical hesitancy of psychoanalysts experts in confidentiality to engage with such a public arena as the media thus providing important insights about how one can collaborate broadly and loudly while also maintaining one s ethical commitment to silence and privacy This book will be of interest to psychoanalysts psychotherapists and anyone intrigued by the intersection between media and psychoanalysis
