Out of the Bottomless Pit Book 2 S N Strutt (Stephen),2022-12-14 OUT OF THE BOTTOMLESS PIT II is a sequel to my first book OUT OF THE BOTTOMLESS PIT I about the paranormal and the supernatural I am sure that you have already noticed the vicious dragon on the front cover coming out of the Bottomless Pit along with locusts with scorpion tails and ferocious giants coming out of the Pit and attacking people taken from the Book of Revelation chapter 9 What will a transhuman technology do to our future Is it wise to create hybrids Could some of our tinkering in dark science end up coming to haunt mankind I have personally met the Men in Black many years ago and had many strange paranormal experiences in seeing UFO s on five different occasions Some of the experiences were not pleasant What are the Ley lines Why does science pretend to know so much when in fact they know very little because they deny so much Why Because they leave out the supernatural and the fact there are many other dimensions The Author

The Truth About Tesla Christopher Cooper,2018-10-02 A myth busting biography of Nikola Tesla the enigmatic figure whose life and achievements appeal to historians engineers scientists and many others Library Journal Nikola Tesla one of the greatest electrical inventors who ever lived was rescued from obscurity in recent years restored to his rightful place among historical luminaries We ve been told that his contributions to humanity

were obscured by a number of nineteenth century inventors and industrialists who took credit for his work or stole his patents outright Most biographies repeat this familiar account of Tesla s life including his invention of alternating current his falling out with Thomas Edison how he lost billions in patent royalties to George Westinghouse and his fight to prove that Guglielmo Marconi stole thirteen of his patents to invent radio But what really happened Newly uncovered information however proves that the popular account of Tesla s life is itself very flawed In *The Truth About Tesla* Christopher Cooper sets out to prove that the conventional story not only oversimplifies history it denies credit to some of the true inventors behind many of the groundbreaking technologies now attributed to Tesla and perpetuates a misunderstanding about the process of innovation itself Are you positive that Alexander Graham Bell invented the telephone Are you sure the Wright Brothers were the first in flight Think again With a provocative foreword by Tesla biographer Marc J Seifer *The Truth About Tesla* is one of the first books to set the record straight tracing the origin of some of the greatest electrical inventions to a coterie of colorful characters that conventional history has all but forgotten Includes photographs *Neurosphere* Donald P.

Dulchinos,2025-09-12 According to Donald Dulchinos the real action on the Internet isn t in the realm of commerce It is plain and simple in the realm of religion But not exactly that old time religion This book is about the spiritual impact of our increasing ability to communicate quickly and with enhanced evolution It s about our search for meaning our hunger for a glimpse at humanity s future development in which frighteningly or excitingly the trend is clearly toward increasing integration of telecommunications and information technology with the body itself Electronic prosthetics direct neural implants and the brain s control of electronic and mechanical limbs move the boundary that used to exist between human and machine to some undefined frontier inside our bodies our brains and perhaps our minds And if the electronics inside my brain connect directly with the electronics inside your brain how is it meaningful to speak as though we are not part of one larger entity Dulchinos writes Another way of saying this might be that everything that rises must converge Or we are all part of God Or we are all moving toward living in the field sharing Group Mind Dulchinos traces ideas of evolution anthropology biology and theology all of which point toward a betterment a unity and argues cogently that these ideas find their embodiment in the technology of the World Wide Web *Neurosphere* or God or Group Mind call it what you will is about technology and the mechanics of unity Although other books on new technology and new consciousness touch on many of the ideas in *Neurosphere* none do so in quite such a straightforward logical way Dulchinos has a way of telling personal stories that make the technical accessible to the dreamer the spiritual comprehensible to the skeptic and the future of body technology less fear inducing to everyone *Antentop 02 2003* , *Colorado Vanguard: Historic Trailblazers and Their Local Legacies* Phyllis J. Nikola Tesla's Electricity Unplugged Tom Valone Ph.D.,2016-04-13 The immense genius of Tesla resulted from a mind that could see an invention in 3 D from every angle within his mind before it was easily built Tesla s inventions were complete down to dimensions and part sizes in his visionary process Tesla would envision his electromagnetic devices as he stared into the sky or into a corner of his laboratory His inventions on rotating magnetic fields creating AC current as we know it today have changed the world yet most people have never heard of this great inventor Is he a suppressed inventor as many historians contend Many of Tesla s concepts and inventions are still thought of as science fiction today over 60 years later Includes Tesla s fantastic vision of the future his wireless transmission of power Tesla s Magnifying Transmitter the testing and building of his towers for wireless power tons more The genius of Nikola Tesla is being realized by millions all over the world

Covert Wars and Breakaway Civilizations Joseph P. Farrell,2020-12-05 Oxford educated historian Joseph P Farrell really delivers in this latest addition to his best selling book series on suppressed technology Nazi survival and postwar hidden conflicts His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control few people even suspect exists Farrell delves into the creation of a breakaway civilization by the Nazis in South America and other parts of the world He discusses the advanced technology that they took with them at the end of World War II and the psychological war that they

waged for decades against America and NATO He shows how the breakaway civilization has created a huge system of hidden finance with the involvement of the Vatican Bank among others and how NATO established a large covert warfare network and political slush fund He investigates the secret space programs currently sponsored by the breakaway civilization and the current militaries in control of planet Earth Farrell includes a fascinating discussion of emulational technologies those that can manipulate acts of god nature like earthquakes and storms from the standpoint of the culture of full spectrum dominance and the culture of plausible deniability yes there are plans for mass destruction that can never be traced back to their real source Farrell also discusses the historical origin of the breakaway civilization with the continuing airship mystery incredibly bold counterfeiting operations and the nexus of spy satellites nuclear weapons and UFOs He includes plenty of astounding accounts documents and speculation on the amazing alternative history of hidden conflicts secret super finance and technology

Diseases, Disorders and Diagnoses of Historical Individuals William J. Maloney, 2015-08 Oftentimes people look at famous individuals and think that such people are exempt from the physical limitations that bind us all as humans Unfortunately many times celebrities themselves think this is true A stark reminder of this is the effects of substance misuse that have claimed the lives of too many young otherwise healthy luminaries in the prime of their lives This book provides a background on each disorder or disease and in so doing shows the real humanity of the individual Such is the case with baseball icon Lou Gehrig who was newly diagnosed with ALS but truthfully believed that he was still the luckiest man on the face of the Earth Little known facts are provided which enables the reader to feel like the subject has come alive as a real fleshandblood person from the pages of a history book A never before seen letter from General George Patton is presented In this letter General Patton describes the author s uncle as brave Why did Patton have a near obsession with bravery both that of his soldiers and himself Was it because of the fear and humiliation which Patton himself spent a lifetime overcoming as a result of his dyslexia
