Dr Nan Greenwood Reader in Health and Social Care Service Research St George s University of London and Kingston University UK *Handbook of Cross-Cultural and Multicultural Personality Assessment* Richard H. Dana,2000-02

Throughout the world as in the United States psychologists are increasingly being called upon to evaluate clients whose backgrounds differ from their own It has long been recognized that standard personality and psychopathology assessment instruments carry cultural biases and in recent years efforts to correct these biases have accelerated The Handbook of Cross Cultural and Multicultural Personality Assessment brings together researchers and practitioners from 12 countries with diverse ethnic and racial identities and training to present state of the art knowledge about how best to minimize cultural biases in the assessment of personality and psychopathology They consider research methodology the design and construction of standard objective and projective tests the use of measures of acculturation racial identity and culture specific tests the social etiquette of service delivery and the interpretation of test data for clinical diagnosis Ranging widely through all the relevant issues they share a common collective vision of how culturally competent services should be delivered to clients The Handbook offers the first comprehensive view of a consistent approach to cultural competence in assessment a necessary precursor of effective intervention It will become an indispensable reference for all those whose practice or research involves individuals with different ethnic and racial identities **The Use of Psychological Testing**

for Treatment Planning and Outcomes Assessment Mark E. Maruish,2004-07-21 This thoroughly revised and greatly expanded third edition of a classic reference now three volumes constitutes an invaluable resource for practitioners who in a managed care era need to focus their testing not on the general goals of personality assessment symptom identification and diagnosis so often presented to them as students and trainees but on specific questions What course of treatment should this person receive How is it going Was it effective **Assessing Adolescents in Educational, Counseling, and Other**

Settings Robert D. Hoge,1999-03 This book constitutes the first comprehensive guide to the psychological assessment of adolescents Throughout the emphasis is on standardized instruments with known reliability and validity parameters
