Testament The Animated Bible Stories From The Old Testament:

Testament Sally Humble-Jackson, 1996 Companion to the BBC and S4C TV Series **The Bible in Motion** Rhonda Burnette-Bletsch, 2016-09-12 This two part volume contains a comprehensive collection of original studies by well known scholars focusing on the Bible's wide ranging reception in world cinema. It is organized into sections examining the rich cinematic afterlives of selected characters from the Hebrew Bible and New Testament considering issues of biblical reception across a wide array of film genres ranging from noir to anime featuring directors from Lee Chang-dong to the Coen brothers whose body of work reveals an enduring fascination with biblical texts and motifs and offering topical essays on cinema's treatment of selected biblical themes e.g. lament, apocalyptic, particular interpretive lenses e.g. feminist interpretation, queer theory and windows into biblical reception in a variety of world cinemas e.g. Indian, Israeli and Third Cinema. This handbook is intended for scholars of the Bible, religion and film as well as for a wider general audience.

Testament Margaret Cooling, Laurie Rosenberg, 1996-01-01 **Bowker's Complete Video Directory**, 2000 **The Oxford Handbook of the Bible and American Popular Culture** Dan W. Clanton (Jr.), Terry R. Clark, 2020 The study of the reciprocal relationship between the Bible and popular culture has blossomed in the past few decades and the time seems ripe for a broadly conceived work that assesses the current state of the field, offers examples of work in that field and suggests future directions for further study. This Handbook includes a wide range of topics organized under several broad themes including biblical characters such as Adam, Eve, David and Jesus and themes like Creation, Hell and Apocalyptic in popular culture, the Bible in popular cultural genres for example film, comics and Jazz and lived examples such as museums and theme parks. The Handbook concludes with a section taking stock of methodologies and the impact of the field on teaching and publishing. The Oxford Handbook of the Bible and American Popular Culture represents a major contribution to the field by some of its leading practitioners and will be a key resource for the future development of the study of both the Bible and its role in American popular culture. **Jesus, the Gospels, and Cinematic Imagination** Richard Walsh, Jeffrey L.

Staley, 2021-08-12 Jesus films arose with cinema itself. Richard Walsh and Jeffrey L. Staley introduce students to these films with a general overview of the Jesus film tradition and with specific analyses of 22 of its most influential exemplars stretching from *La vie du Christ* 1906 to *Mary Magdalene* 2018. The introduction to each film includes discussion of plot, characters, visuals, appeal to authority and cultural location as well as consideration of the director's and/or other filmmakers' achievements and style. Several film chapters end with reflections on problematic issues bedeviling the tradition such as cultural imperialism and patriarchy. To assist teachers and researchers, each chapter includes a listing of DVD chapters and the approximate time for both DVDs and streaming platforms at which key film moments occur. The book also includes a Gospels Harmony cataloging the time at which key gospel incidents appear in these films. Extensive endnotes point readers to other important work on the tradition and specific films. While the authors strive to set the Jesus film tradition within cinema

and its interpretation the DVD streaming listing and the Gospels Harmony facilitate the comparison of these films to gospel interpretation and the Jesus tradition **Bowker's Complete Video Directory 2001** ,2001 **Culture, Entertainment, and the Bible** George Aichele,1997-01-01 This topical volume deals with the adoption of biblical language and narrative and the presentation of biblical images and themes in popular literature art and mass media The chapters all written by experts in cultural studies of the Bible explore how ideologies are produced in various ways when biblical texts are brought into play with each other with other texts and with the inevitable and continual demands for cultural and historical translation or recycling of the scriptures The volume contains some theoretical reflections but focuses on specific examples of cultural translation and is directed primarily at advanced graduate students and scholars in biblical studies popular studies media studies literature and the arts although some articles will also be of value and interest to introductory students and the general public The contributors to this volume are Fiona Black Susan Lochrie Graham Chris Heard Helen Leneman Phyllis Silverman Kramer Tina Pippin Caroline Vader Stichele Lori Rowlett Erin Runions Jan William Tarlin and Richard Walsh
