Stansfield, 1987 This guide contains descriptive and evaluative information on 47 major commercially available English as a Second Language ESL tests in current use around the world For each test the following information is provided complete title acronym publication date targeted audience intended purpose scoring method administration type group or individual test length test components costs author's publisher including complete address and telephone number a review which includes a description of the test and discussion of its reliability validity and related issues and test and reviewer's references An introductory section offers guidance on the use of the reviews uses and misuses of testing and purposes of testing placement measuring achievement diagnosis measuring proficiency In addition two sections provide an introduction to ESL proficiency testing in North America and an overview of ESL testing in Britain MSE

Diagnosing Foreign Language Proficiency J. Charles Alderson, 2005-08-22 This book addresses the need for tests that can diagnose the strengths and weaknesses in learners developing foreign language proficiency It presents the rationale for and research surrounding the development of DIALANG a suite of internet delivered diagnostic foreign language tests funded by the European Commission The word diagnosis is common in discussions in language education and applied linguistics but very few truly diagnostic tests exist However the diagnosis of foreign language proficiency is central to helping learners make progress This volume explores the nature of diagnostic testing emphasizing the need for a better understanding of the nature of appropriate diagnosis The book starts with a debate about how diagnostic testing might most appropriately be developed Charles Alderson argues that the field has neglected to construct diagnostic tests partly because other forms of testing have dominated the field Alderson examines how proficiency has been diagnosed in the key areas of language reading listening writing grammar and vocabulary The value of self assessment is discussed and exemplified as a key component in developing learners and teachers awareness of the complexity of language learning The book ends with a consideration of and recommendations for future developments in the diagnosis of foreign language proficiency

Testing Language Proficiency Randall L. Jones, Bernard Spolsky, 1975

English Language Proficiency Testing in Asia Lily I-Wen Su, Cyril J. Weir, Jessica R. W. Wu, 2019-11-19 As the demand for English language education grows in Asia there has been a parallel growth in the development and implementation of standardized tests at the local level Offering much needed context on locally produced tests in Asia contributors examine emerging models for English language assessment and the impact these large scale tests have on the teaching and learning of English Chapters address the following well known and developing high stakes tests in different regions across Asia the GEPT the TEPS the VSTEP the CET the EIKEN and TEAP and the ELPA Brought together by world renowned testing assessment scholar Cyril Weir and the Language Training and Testing Center LTTC one of Asia's leading testing institutions based in Taiwan this volume is a useful reference for evaluating developing and validating local tests of English and their

societal impact Comprehensive and research based chapters cover historic backgrounds sociocultural contexts test quality international standing and future considerations Ideal for graduate students researchers and scholars in language assessment TESOL TEFL and applied linguistics this book will also be of interest to language teaching professionals language test developers and graduate students in Asian studies and international education intercultural communication and intercultural studies

Testing Academic Language Proficiency Marco Mezzadri, 2018-01-23 This book focuses on the development of the process of teaching and assessing foreign language competence for study purposes in a pluricultural and plurilingual context It addresses not only the individual who is learning the language for academic purposes LAP but also other stakeholders like teachers schools and universities and external boards such as examination boards for language testing The book highlights an ongoing research project at the University of Parma Italy aimed at developing teaching programs and evaluative tools for language for academic purposes Starting from a reflection upon the nature of language for study purposes stemming from the tradition of English for Academic Purposes it describes the model of an LAP test implemented in Italian secondary schools and universities and shows the findings concerning the performance in the test of both students whose mother tongue is Indo European and those who speak non Indo European languages

Language Testing And Evaluation: An Introductory Course Desmond Michael Allison, 1999-06-01 The book brings together two related fields language testing and language programme evaluation in a way that no single introductory text has done and seeks to encourage closer relations between the two in both academic curricula and professional practice It introduces readers not just to basic concepts but to some of the major social educational and research concerns and activities that characterise language testing and evaluation The book can serve either as a basic text for a taught course or as independent reading in self study mode All chapters include suggestions for further reading and discussions frequently point towards possible explorations in classroom research and practice A glossary of key concepts and a select annotated bibliography are provided

Challenges in Language Testing Around the World Betty Lanteigne, Christine Coombe, James Dean Brown, 2021-02-17 This book combines insights from language assessment literacy and critical language testing through critical analyses and research about challenges in language assessment around the world It investigates problematic practices in language testing which are relevant to language test users such as language program directors testing centers and language teachers as well as teachers in training in Graduate Diploma and Master of Arts in Applied Linguistics programs These issues involve aspects of language testing such as test development test administration scoring and interpretation use of test results Chapters in this volume discuss insights about language testing policy testing world languages developing program level language tests and tests of specific language skills and language assessment literacy In addition this book identifies two needs in language testing for further examination the need for collaboration between language test developers language test users and language users and the need to base language tests on real world language

use Diagnosing Foreign Language Proficiency J.
