Marshall traces the competing traditions of English teaching and considers their relevance to the current debate through an analysis of English teachers' views about themselves and their subject. The findings are based on a highly original research method in which teachers were asked to respond to and comment upon five different descriptions of their approaches to English teaching. English Teachers: The Unofficial Guide contextualises current debates about English teaching within the subject's contested history, provides a vehicle for teachers to reflect on their own practice and locate themselves within the debate, opens up the debate on assessment practices within English teaching. **French (inc. Audio CD)** Julie Adams, 2010-10. Containing activities as well as a host of useful features, this book intends to aid understanding and an appreciation of the French language and culture. It is accompanied by an audio CD that provides listening activities and helps students with their pronunciation. It includes progress checks, practice questions and a mock Key Stage 3 exam. This is a revised, updated and reformatted edition of our long-standing French Study Guide, to be brought in line with other revised editions in the Study Guide series. The book is pumped full of activities as well as a host of useful features intended to aid understanding and a fuller appreciation of the French language and culture. An accompanying audio CD provides listening activities and helps students with their pronunciation. Knowledge is tested throughout with progress checks at the end of every chapter, practice questions at the end of each section and a mock Key Stage 3 exam at the end of the book. The Psychology of Education Martyn Long, Clare Wood, Karen Littleton, Terri Passenger, Kieron Sheehy, 2010-11-05. Written in an accessible and engaging style, this second edition of *The Psychology of Education* addresses key concepts from psychology which relate to education. Throughout the text, the author team emphasise an evidence-based approach, providing practical suggestions to improve learning outcomes, while fictional case studies are used in this new edition to provide students with a sense of what psychological issues can look like in the classroom. Activities around these case studies give students the chance to think about how to apply their theoretical knowledge to these real-world contexts. Key implications are drawn out at appropriate points and throughout the book, students are provided with strategies for interrogating evidence. Key terms are glossed throughout the book and chapters are summarised and followed by suggestions for further reading. A chapter on Learning, interactions and social worlds is new to this edition. The following chapters have all been extensively updated: Learning, Assessment, Individual differences and achievement, Student engagement and motivation, The educational context, Society and culture, Language, Literacy, Inclusive education and special educational needs, Behaviour problems, Dealing with behaviour problems. This book is essential reading for undergraduate students of Education Studies and Psychology as well as trainee teachers on BA, BEd and PGCE courses. It will also be of use to postgraduates training to be educational psychologists.
