in the fields in the hot and humid Texas climate he worked in the dairy farms When I was two years old my maternal grandparents returned to Mexico when they found that Mexico had land grants for those wishing to return home Quite possibly they decided they wanted to own their piece of land to farm it in order to make more money My mom s two oldest brothers stayed in America and raised their families in South Texas Hard work was not the only thing my parents faced They also had to learn a new language if they wanted to understand their employers Learning the English language was hard Surrounded by Spanish speaking family member it was easier to speak Spanish to them instead of speaking English Eventually Dad learned enough English to make himself understood Another challenge my grandparents faced was a lack of education which would have made life easier and maybe more profitable They only had the minimal education they could get in Mexico but they taught their children to read and write in Spanish Though my parents were very young when they journeyed to America they lived in farms far from schools Since they had no transportation to get to school they could not attend even if they wanted to do so They saw the importance of an education early in their lives because they were unable to get that education themselves In 1930 my parents met and married Two years later I was born in Gregory Texas while my brother was born two years after me and my younger sister seven years after my brother My parents never lost sight of what an education could do By the time we were old enough to begin school they did everything possible to get us there Also by then transportation was available Busses took us to and from school Mom and Dad made sure we had what we needed to be successful students Getting our college degrees after we graduated was an almost impossible dream Dad did not make much so when I graduated I could only afford to go to business school It was much later when I earned my Bachelor of Arts and Master s of Arts degrees My younger sister and my brother both received Bachelor of Science degrees My dad s dream of writing to tell of his family s journey to America inspired me to write this book It took boldness to travel to a new country strength to make a living by performing backbreaking work and perseverance from us his chil
