Texas Survivor:

Survivor's Guilt Vincent Palamara, 2013-10-01 Painstakingly researched by an authority on the history of the Secret Service and based on primary firsthand accounts from more than 80 former agents White House aides and family members this is the definitive account of what went wrong with John F Kennedy's security detail on the day he was assassinated The work provides a detailed look at how JFK could and should have been protected and debunks numerous fraudulent notions that persist about the day in question including that JFK ordered agents off the rear of his limousine demanded the removal of the bubble top that covered the vehicle and was difficult to protect and somehow directly or indirectly made his own tragic death easier for an assassin or assassins This book also thoroughly investigates the threats on the president's life before traveling to Texas the presence of unauthorized Secret Service agents in Dealey Plaza the site of the assassination the failure of the Secret Service in monitoring and securing the surrounding buildings overhangs and rooftops and the surprising conspiratorial beliefs of several former agents An important addition to the canon of works on JFK and his assassination this study sheds light on the gross negligence and in some cases seeming culpability of those sworn to protect the president

Gone at 3:17 David M. Brown,Michael Wereschagin,2012-01-01 At 3 17 p m on March 18 1937 a natural gas leak beneath the London Junior Senior High School in the oil boomtown of New London Texas created a lethal mixture of gas and oxygen in the school s basement The odorless colorless gas went undetected until the flip of an electrical switch triggered a colossal blast The two story school one of the nation s most modern disintegrated burying everyone under a vast pile of rubble and debris More than 300 students and teachers were killed and hundreds more were injured As the seventy fifth anniversary of the catastrophe approaches it remains the deadliest school disaster in U S history Few however know of this historic tragedy and no book until now has chronicled the explosion its cause its victims and the aftermath **Gone at 3 17** is a true story of what can happen when school officials make bad decisions To save money on heating the school building the trustees had authorized workers to tap into a pipeline carrying waste natural gas produced by a gasoline refinery The explosion led to laws that now require gas companies to add the familiar pungent odor The knowledge that the tragedy could have been prevented added immeasurably to the heartbreak experienced by the survivors and the victims families The town would never be the same Using interviews testimony from survivors and archival newspaper files **Gone at 3 17** puts readers inside the shop class to witness the spark that ignited the gas Many of those interviewed during twenty years of research are no longer living but their acts of heroism and stories of survival live on in this meticulously documented and extensively illustrated book Survivor Injustice Kylie Cheung,2023-08-15 Journalist and Jezebel staff writer Kylie Cheung exposes the insidious and often unseen connections among domestic abuse state based violence political disenfranchisement and the carceral state An astonishingly original powerfully honest vision for true survivor justice Kirkus starred review For readers of *The Revolution Starts at Home* *Feminism for the 99%* and *Good and Mad* Incisive urgent and written exactly for our post Roe times *Survivor Injustice* is the feminist frame changing read we need now for each of us and for all that s at stake With an abolitionist lens journalist and Jezebel staff writer Kylie Cheung shows how domestic abuse and state violence are systemic and interconnected She shatters the harmful and convenient narrative that abuse is a private matter perpetrated by individual bad actors and situates popular understandings of domestic abuse in an indictment of the racism misogyny and

carcerality baked into U S culture and politics Cheung explores The links between capitalism and domestic abuse how late stage capitalism colludes with the state to incentivize forced birth and reproductive coercion Intimate partner violence as a tool of political silence and social control America s tacit acceptance of sexual assault from the home to the White House The interplay of race power gender and sexuality in state based violence How the United States runs on carcerality and what that means for victims The way we view survival crimes and our complicity in defining which acts are violent and whose actions are criminal How white feminism and carceral feminism fail us all Cheung plainly names all that goes unsaid when we as a culture talk about abuse How state and society criminalize women girls and gender oppressed people of color That what happens behind closed doors affects whose voices we hear at the ballot box What it means when we put predators from every party up for vote That sex workers are more likely to be victimized by law enforcement than saved by them That this is all by design And that ultimately with organizing abolition and beyond the ballot action we can change it all for good **History**
