living **Southern Fiddlers and Fiddle Contests** Chris Goertzen,2009-12-16 Southern Fiddlers and Fiddle Contests explores the phenomenon of American fiddle contests which now have replaced dances as the main public event where American fiddlers get together Chris Goertzen studies this change and what it means for audiences musicians traditions and the future of southern fiddle music Goertzen traces fiddling and fiddle contests from mid eighteenth century Scotland to the modern United States He takes the reader on journeys to the important large contests such as those in Hallettville Texas Galax Virginia Weiser Idaho and to smaller ones including his favorite in Athens Alabama He reveals what happens on stage and during such off stage activities as camping jamming and socializing which many fiddlers consider much more important than the competition Through multiple interviews Goertzen also reveals the fiddlers lives as told in their own words The reader learns how and in what environments these fiddlers started playing where they perform today how they teach what they think of contests and what values they believe fiddling supports Southern Fiddlers and Fiddle Contests shows how such contests have become living embodiments of American nostalgia **The Day of the Cattleman** Ernest Staples Osgood,1929-01-01 The Day of the Cattleman was first published in 1929 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions The legend of the Wild West as celebrated in thousands upon thousands of western stories and movies radio and television programs has a firm grip on the imaginations of both young and old not only in America but in many other lands But popular though such versions are they do not tell how the west was really won Professor Osgood s account sets the record straight for those who want authentic history rather than melodramatic fiction The range cattleman Professor Osgood writes has more solid achievements to his credit than the creation of a legend He was the first to utilize the semi arid plains Using the most available natural resources the native grasses as a basis he built up a great and lucrative enterprise attracted eastern and foreign capital to aid him in the development of a new economic area stimulated railroad building in order that the product of the ranges might get to an eastern market and laid the economic foundation of more than one western commonwealth Professor Osgood traces the rise and fall of the range cattle industry particularly in Montana and Wyoming from 1845 to the turn of the century He gives a detailed account of the activities of the stock growers associations and of the cattlemen s relations with the railroads and with the Federal government The book has won critical acclaim both in this country and abroad The Saturday Review has described it as an honest scientific and thorough examination of a semi epic phase of Western life now almost completely dead In England the Times Literary Supplement called it the only substantial record of this particular chapter in the history of the West **Red Highways** Rose Aguilar,2016-01-08 Tired of speaking to like minded people San Francisco blogger and radio journalist Rose Aguilar quit her job bought a Toyota van picked up her boyfriend and took off on a six month road trip through southern and mountain states There she interviewed a wide array of people who rarely if ever appear in the national media They include a former Republican evangelical pastor who now

preaches inclusion in Tulsa anti war pro choice and green Republicans and a Montana hunter planning to leave his job as a conservationist to fight for gay rights This political travelogue challenges stereotypes and goes far beyond the sound bites and statistics to reveal what red state voters really care about and what they expect from their political leaders As Aguilar writes in the first chapter We breathe the same air we live under the same political system we ve probably seen the same television and news shows and most of us grew up going to public schools yet because we might vote differently once every four years we find ourselves stereotyped in the national media and separated by red and blue borders Red Highways is a riveting examination of what matters most in the heartland what makes it tick and what issues get its citizens to vote
