Data Science gets thrown around in the press like it smagic Major retailers are predicting everything from when theircustomers are pregnant to when they want a new pair of ChuckTaylors It s a brave new world where seemingly meaningless data can be transformed into valuable insight to drive smart businessdecisions But how does one exactly do data science Do you have to hireone of these priests of the dark arts the data scientist toextract this gold from your data Nope Data science is little more than using straight forward steps toprocess raw data into actionable insight And in DataSmart author and data scientist John Foreman will show you howthat s done within the familiar environment of aspreadsheet Why a spreadsheet It s comfortable You get to look at the dataevery step of the way building confidence as you learn the tricksof the trade Plus spreadsheets are a vendor neutral place tolearn data science without the hype But don t let the Excel sheets fool you This is a book forthose serious about learning the analytic techniques the math andthe magic behind big data Each chapter will cover a different technique in aspreadsheet so you can follow along Mathematical optimization including non linear programming andgenetic algorithms Clustering via k means spherical k means and graphmodularity Data mining in graphs such as outlier detection Supervised AI through logistic regression ensemble models andbag of words models Forecasting seasonal adjustments and prediction intervalsthrough monte carlo simulation Moving from spreadsheets into the R programming language You get your hands dirty as you work alongside John through eachtechnique But never fear the topics are readily applicable andthe author laces humor throughout You ll even learnwhat a dead squirrel has to do with optimization modeling whichyou no doubt are dying to know *It's a Love Story* Lincee Ray,2019-04-30 Human beings love to be loved And we love to fall in love As children we pour our love into our pets and our friends As teenagers we fall in love with musicians and actors and the boy whose locker is next to ours As we mature we long for romantic love that will last a lifetime Sacrificial love unexplainable love familial love desperate love Love songs and love stories Clearly we were created with the longing for love ingrained in our souls With lots of wit and a bit of wisdom drawn from a lifetime of falling in love Lincee Ray invites you to an unabashed celebration of that loving feeling As she reveals the loves of her life and encourages you to recall your own you ll discover alongside her that there is only one who can ever truly fulfill the deepest longings of our hearts And he made us to be part of a divine love story **Freaks, Gleeks, and Dawson's Creek** Thea Glassman,2023-06-27 The untold stories of seven revolutionary teen shows The Fresh Prince of Bel Air My So Called Life Dawson s Creek Freaks and Geeks The O C Friday Night Lights and Glee that shaped the course of modern television and our pop cultural landscape forever The modern television landscape is defined by influential and ambitious shows for and about teenagers Groundbreaking series like Euphoria Sex Education and Pen15 dominate awards season and lead the way when it comes to progressive diverse and creative storytelling So how did we get here from Beverly Hills 90210 In Freaks Gleeks and Dawson s Creek entertainment journalist Thea Glassman takes readers behind the scenes of seven of the most culturally

significant series of the last three decades drawing on dozens of new interviews with showrunners cast crewmembers and more These shows not only launched the careers of such superstars as Will Smith Michael B Jordan Claire Danes and Seth Rogen but they also took young people seriously proving that teen TV could be smart revolutionary and important and stay firmly entrenched in pop culture long after it finished airing And while many critics insist that prestige dramas like The Sopranos and Mad Men paved the way for television some of the most groundbreaking work was actually happening inside the fictional hallways of high schools across America in teen shows whose impact remains visible on our screens today

Strategy Bill Sammon,2006-02-27 Strategy is a term borrowed from a Saturday Night Live skit and self deprecatingly adopted by the White House for their meetings White House Correspondent Bill Sammon is borrowing it yet again in his latest account of this unlikely yet historic president Strategy is written with verve and piercing insight by Sammon who has been granted unprecedented access to President Bush Vice President Cheney and their most senior advisers No other journalist has interviewed the president more times than Sammon *Sandra Beck* John Lavery,2010 No writer in Canada today is more in love with the English and French languages than John Lavery That love is gloriously requited In inventive incantatory prose Sandra Beck his long awaited first novel paints a very unusual portrait of a lady This is a book about many things the struggling antics of adolescence the banal delusions of solitude the city of Montreal But it is above all a deeply moving tribute to a woman who is both present and absent on every page Who is Sandra Beck She is a mother a wife a musician a manager but too she is the ghost in the seat behind us always just outside the edges of easy description Her story is told in the voices of others namely her daughter the wordstruck and lovestruck Josee and her husband the police chief and TV personality P F Bastarache In a book that embraces paradox and defies the expected limits of what a novel can do language is at once a gleeful celebration and a crutch a trick Despite their keen investigative powers the testimony of Josee and her father is often untrustworthy even contradictory self interest hobbles their understanding Sandra herself becomes a crutch for them both a crutch they must learn to live without

Hart's Hollow Farm Janet Dailey,2020-01-28 For some folks in small town Georgia Hart s Hollow farm has seen better days But for the Hart family matriarch it s a home worth fighting for From the moment Kristen Daniels arrives at Hart s Hollow the place speaks to her soul So when seventy three year old Emmy Hart asks Kristen to help return the farm to its former glory Kristen accepts despite her fears about getting involved with Emmy or the two kids in Emmy s care Then there s the matter of Emmy s ruggedly handsome grandson who stirs feelings Kristen believed were long gone When Mitch Hart left home at age eighteen he thought he d kicked the red dust off his boots forever But he s haunted by his violent upbringing and the loss of the sister he couldn t save Now he s determined to see his orphaned niece and nephew settled in a better life Emmy s ideas about saving the farm only convince Mitch that his grandmother is as crazy as everyone in town suspects Everyone except the beauty helping her sow the land Something about Kristen s spirit has Mitch sticking around and wondering if he s gone a little crazy himself Because

suddenly he's hoping he might just find happiness in the very place he left behind Praise for Refuge Cove Diverse and compelling characters share the page with Alaska's gorgeous landscape and this love story is sweet with just a dash of spice

RT Book Reviews 4 Stars **One in a Million** Janet Dailey, 2024-01-23 Yellowstone meets Dallas against the backdrop of Texas horse country as the death of a patriarch leaves his rich and powerful ranching family dynasty at odds a high stakes reining competition in the balance and forbidden attractions in the mix Fans of Linda Lael Miller Danielle Steel and Diana Palmer will devour this soapy saga filled to the brim with Texas style drama corruption money and sizzling affairs Frank Culhane may be the wealthy patriarch of one of Texas's most prestigious families but his party girl daughter Jasmine is only interested in the money the ranch brings in and the cowboys Until the day she heads to the stables in search of their hot horse trainer and instead discovers her daddy's body in their prize stallion's box stall Though Roper is in demand as a trainer he's hungry to compete in reining events like the prized forthcoming Run for a Million but without a horse to ride he's stuck working for rich ranchers like the Culhanes And when an autopsy reveals Frank was murdered Roper lands on the list of possible suspects City outsider Detective Sam Rafferty is propelled into a tangle of simmering rivalries as he undertakes the investigation For the ranch is now in the hands of an explosive partnership Frank's young glamorous second wife Lila and his scorned first wife Madeline Lila has a genuine passion for ranching Madeline is determined to destroy her Through Sam's interviews more tensions surface But tricky alliances are also brewing While Lila and Roper clash they discover a fire beneath their sparring And with a killer still at large the heat between Jasmine and Sam could put the case and all their futures on the line

Beneath Another Sky Norman Davies, 2017-12-07 He writes history like nobody else He thinks like nobody else He sees the world as a whole with its limitless fund of stories Bryan Appleyard Sunday Times Where have the people in any particular place actually come from What are the historical complexities in any particular place This evocative historical journey around the world shows us Human history is a tale not just of constant change but equally of perpetual locomotion writes Norman Davies Throughout the ages men and women have endlessly sought the greener side of the hill Their migrations collisions conquests and interactions have given rise to the spectacular profusion of cultures races languages and politics that now proliferates on every continent This incessant restlessness inspired Davies's own After decades of writing about European history and like Tennyson's ageing Ulysses longing for one last adventure he embarked upon an extended journey that took him right round the world to a score of hitherto unfamiliar countries His aims were to test his powers of observation and to revel in the exotic but equally to encounter history in a new way Beneath Another Sky is partly a historian's travelogue partly a highly engaging exploration of events and personalities that have fashioned today's world and entirely sui generis Davies's circumnavigation takes him to Baku the Emirates India Malaysia Mauritius Tasmania Tahiti Texas Madeira and many places in between At every stop he not only describes the current scene but also excavates the layers of accumulated experience that underpin the present He tramps round ancient temples and weird museums

summarises the complexity of Indian castes Austronesian languages and Pacific explorations delves into the fate of indigenous peoples and of a missing Malaysian airliner reflects on cultural conflict in Cornwall uncovers the Nazi origins of Frankfurt airport and lectures on imperialism in a desert oasis Everything has its history he writes including the history of finding one's way or of getting lost The personality of the author comes across strongly wry romantic occasionally grumpy but with an endless curiosity and appetite for knowledge As always Norman Davies watches the historical horizon as well as what is close at hand and brilliantly complicates our view of the past
