Metaphors of Mind Brad Pasanek, 2015-07-01 A pathbreaking introduction to eighteenth century metaphors of the mind that recasts the grand narrative of the Enlightenment in terms of its tropes and figures An encyclopedic dictionary along the lines of Voltaire's classic *Dictionnaire Philosophique* *Metaphors of Mind* provides an in depth look at the myriad ways in which Enlightenment writers used figures of speech to characterize the mind Drawn from Brad Pasanek's massive online archive <http://metaphorized.net> this volume constitutes a veritable treasury of mental metaphors Dividing the book into eleven broad metaphorical categories Animals Coinage Court Empire Fetters Impressions Inhabitants Metal Mirror Rooms and Writing Pasanek maps out constellations of metaphors He frames his collection of literary excerpts in each section with a more descriptive and theoretical discussion of what he calls desultory reading a form of unsystematic perusal of writing frequently employed by Enlightenment thinkers By surveying the printed past alongside the digital present the book treats eighteenth century writing as its topic while essentially exemplifying its rhetorical approach More than an exercise in quotation this intellectual history offers illuminating readings of fragmentary literary

works and confrontations with neoclassical and contemporary theories of metaphor The book's entries complicate received ideas about Locke's blank slate question M H Abrams claims about mirrors and lamps and chart changing frequencies of metal metaphors in a moment of industrial revolution The book also responds to current anxieties about reading and the mass digitization of literature touching on recent discussions of distant reading shallow reading and surface reading Promoting critical and creative anachronism Metaphors of Mind redefines the notion of an archive in the age of Amazon and Google Books

The Mysterious Correspondent Marcel Proust,2021-06-03 Startlingly audacious Literary Review New writing from the literary master Throughout Proust's life nine of his short stories remained unseen the writer never even spoke of them Perhaps he was not ready to share the early themes he was nurturing for his masterpiece In Search of Lost Time Or perhaps in dealing directly with gay desire they were too audacious too near to life for the censorious society of the time In these stories published in English for the first time we find an intimate portrait of a young author full of darkness complexity and melancholy longing to reveal himself to the world
