Library, 1985 Includes all those songs from the manuscript collection of John Bell d 1864 which throw light on the way of life of the majority of the population of North East England and the Eastern Borders Each piece derives ultimately from the life and work of those men and women who were obliged to work for a living usually with their hands Texts arranged under the following headings Soldiers and Sailors Civil and Political Coalwork Country Life Festivities Sport and Social Life Drinking Courtship Love Unrequited Love Satisfied Children In Praise of Wedlock Trouble and Strife Stories Fragments      **The New Penguin Book of English Folk Songs** Julia Bishop, Steve Roud, 2012-06-07 One of the Spectator's Books of the Year 2012 Farewell and adieu to you fair Spanish ladies Farewell and adieu to you ladies of Spain For we've received orders for to sail for old England But we hope in a short while to see you again One of the great English popular art forms the folk song can be painful satirical erotic dramatic rueful or funny They have thrived when sung on a whim to a handful of friends in a pub they have bewitched generations of English composers who have set them for everything from solo violin to full orchestra they are sung in concerts festivals weddings funerals and with nobody to hear but the singer This magical new collection brings together all the classic folk songs as well as many lesser known discoveries complete with music and annotations on their original sources and meaning Published in cooperation with the English Folk Dance and Song Society it is a worthy successor to Ralph Vaughan Williams and A L Lloyd's original Penguin Book of English Folk Songs Her keen eye did glitter like the bright stars by night The robe she was wearing was costly and white Her bare neck was shaded with her long raven hair And they called her pretty Susan the pride of Kildare In association with EFDSS the English Folk Dance and Song Society      The High-Kilted Muse Murray Shoolbraid, 2010-04-02 In 1832 the Scottish ballad collector Peter Buchan of Peterhead Aberdeenshire presented an anthology of risqué and convivial songs and ballads to a Highland laird When Professor Francis James Child of Harvard was preparing his magisterial edition of The English and Scottish Popular Ballads he made inquiries about it but it was not made available in time to be considered for his work On his death it was presented to the Child Memorial Library at Harvard Because of its unseemly materials the manuscript languished there since unprinted though referred to now and again and a few items from time to time made an appearance The manuscript has now been transcribed with full annotation and with an introduction on the compiler his times and the Scottish bawdy tradition It contains the texts without tunes of seventy six bawdy songs and ballads along with a long lost scatological poem attributed to the Edinburgh writer James Balloon Tytler Appendices give details of Buchan's two published collections of ballads Additionally there is a list of tale types and motifs a glossary of Scots and archaic words a bibliography and an index The High Kilted Muse brings to light a long suppressed volume and fills in a great gap in published bawdy songs and ballads      *Napoleon and British Song, 1797-1822* Oskar Cox

Jensen,2015-10-12 This study offers a radical reassessment of a crucial period of political and cultural history By looking at some 400 songs many of which are made available to hear and at their writers singers and audiences it questions both our relationship with song and ordinary Britons relationship with Napoleon the war and the idea of Britain itself *World*

Porter,2003-08-07 This book takes a radical approach to the study of traditional songs Folk song scholarship was originally obsessed with notions of completeness and narrative coherence even now long narratives hold a privileged place in most folk song canons Yet field notebooks and recordings and increasingly publications overwhelmingly suggest that apparently broken and drastically shortened versions are not perceived as incomplete by those who sing them Dealing with a wide range of traditions and languages this study turns the focus on these dog ends of oral tradition and looks closely at how very short texts convey meaning in performance by working the audience s knowledge of a highly allusive idiom What emerges is the tenacity of meaning in the connotative and metaphorical language of traditional song and the extraordinary adaptability of songs in different cultural contexts Such pieces have a strong metonymic force they should not be seen as residual last leaves of a once complete tradition but as dynamic elements in the process of oral transmission Not all song fragments remain in their natural environment and this book also explores relocations and dislocations as songs are adapted to new contexts a ballad of love and death is used to count pins in lace making song snippets trail subversive meanings in the novels of Charles Dickens Because they are variable and elusive to dating songs have had little attention from the literary establishment the authors show both how certain critical approaches can be fruitfully applied to song texts and how concepts from studies in oral traditions prefigure aspects of contemporary critical theory Like the songs themselves this book crosses and recrosses the perceived divide between the literary and the oral Coverage includes English Welsh Breton American and Finnish songs
