Sons of France: Pétain and De Gaulle Jean Raymond Tournoux, 1966 **Sons of France: Pétain and De Gaulle** Jean Raymond Tournoux, 1966 **Military Forces of France** John C. Cornelius, 1977 **The Lessons of War** William Van der Kloot, 2008-07-14 William Van der Kloot examines the experiences of seven future national leaders during the World War I Adolf Hitler served on the Western Front for four years Charles de Gaulle was bayoneted and captured at Verdun Benito Mussolini was so badly wounded that he was discharged as a hero Gustav Mannerheim was a cavalry commander who fought on the Eastern Front Mustafa Kemal Atatürk commanded a division at the Battle of Gallipoli Harold Macmillan was wounded at Loos and again at the Somme and Herbert Hoover although a civilian organized humanitarian relief in German occupied Europe especially Belgium Combining information gleaned from memoirs diaries biographies and regimental histories this book illustrates how these experiences formed them into the men remembered by history *The Third Republic in France, 1870-1940* William Fortescue, 2017-07-05 An essential introduction to the major political problems debates and conflicts which are central to the history of the Third Republic in France from the Franco Prussian War of 1870-71 to the fall of France in June 1940 It provides original sources detailed commentary and helpful chronologies and bibliographies on topics including the emergence of the regime and the Paris Commune of 1871 Franco German relations anti-Semitism and the Dreyfus Affair the role of women and the importance of the national birth rate the character of the French Right and of French fascism *The Era of World War II* Roy Barnard, US Army Military History Institute, William Joseph Burns, Duane Ryan, 1977 *Special Bibliographic Series* US Army Military History Research Collection, 1977 *Pétain* Nicholas Atkin, 2014-06-17 Pétain 1856-1951 remains one of the most controversial figures in the history of modern France He was saviour of his country at Verdun in 1916 during the First World War but tried for treason as head of state of the collaborationist Vichy government after World War II Were his actions those of a traitor or a patriot facing the total disintegration of his country In exploring the actions of this controversial figure Nicholas Atkin also reveals the divisions and uncertainties of France herself *Routledge Library Editions: Security and Society* Various, 2021-09-30 This 12 volume set contains titles originally published between 1934 and 1995 An eclectic mix of titles this collection draws from anthropology economics ethics politics psychology and sociology Exploring security in both war and peacetime it includes volumes looking at the causes of war and its effect on society as a whole the soldiers themselves and their place in society the portrayal of war in the press both in words and photographs and the politics behind them *France and the Nazi Threat* Jean-Baptiste Duroselle, 2013-10-18 This book completes the picture for our understanding of how Nazi Germany was able to triumph in 1940 *Généalogies des rois et chronologie de l'histoire de France* Jean-Charles Volkmann, 2001 *The Dawn - Volume I* Debra Milligan, 2012 The year is 1940 France falls The battle for liberation begins covertly and within the minds and hearts of French patriots The Battle for France will one day begin but

the fight for freedom that endless quest for liberty is well underway Resistance in all of its forms will take on the very meaning of life as ordinary citizens smuggle Jewish orphans out of France print clandestine newspapers and undertake reconnaissance armed engagement and sabotage against the enemy The fierce need of the human will for liberty is pitted against the tyrannies of evil and the battle for freedom is joined Set within the myriad landscapes of wartime France and England THE DAWN is the story of a French aristocrat a U S Army colonel and the woman they love It is a tale of treachery and timeless heroism THE DAWN chronicles the unforgettable dramas of the dark years in France 1940 1944 The story unfolds like the forbidden Tricolore against the backdrop of war death love birth history and the illusion of peace The major characters are Camille Richarde Those two spheres of her life in Roussillon overt and covert public and secret legal and illegal created a balance within this Frenchwoman that greatly aided her in adjusting to life in Provence Camille quickly forgot the calibrated existence that she d left behind in Paris The exigencies of life in Roussillon filled her with more than lists in her mind of things to do They filled her days and nights with meaning this profound sense of fulfillment which had theretofore eluded her Camille began to see that a life filled with activity suggests purpose but busyness can conceal emptiness within Guillaume de Vallon He therefore took his first tentative steps away from the life of a French aristocrat He only vaguely perceived before him the passage which extended like a huge open hand of freedom He knew that he could say nothing of these ominous visions and misty reveries to anyone In time he would speak to Camille of the truths that moved him now with defiance duty and a degree of despondence For the present Guillaume understood that this Frenchwoman and child formed the unspoken nucleus of his new life Shelter them he would or he would fail miserably at all that he sought to achieve with his new life this embryo of self just hours old Arthur Carmichael His essence bespoke a dignity a grace a formal masculinity that was as magnetic as it was magnetizing Artur marched with his boots as if the path before him was preordained The certitude and calm assurance of his movements soothed this woman even as they seduced her She had never walked beside anyone and especially a man who evinced this much purpose and decisiveness but whose resolve was wrapped in velvet He was a man of strong will determination and dominance He could also be gentle To Camille his kindness and patience signified that his passions ran deep She also sensed that his will was even stronger since it was capable of bending or if need be being bent

Complicated Complicity Martina Bitunjac, Julius H. Schoeps, 2021-06-21 Complicated Complicity is about the forms taken motives and spectrum of actions of European collaboration with the Nazis State authorities local military organizations and individual players in different countries and areas including France Scandinavia Lithuania Poland Ukraine Romania Hungary Slovakia Greece Italy Portugal and the countries of the former Yugoslavia are discussed in the context of the history of World War II the history of occupation and everyday life and as an essential influencing factor in the Holocaust New forms of right wing populism nationalism and growing intolerance of Jewish fellow citizens and minorities have made such historically sensitive studies considerably more difficult in many countries today In

this time of increasing historical revisionism in Europe such elucidating discourse is particularly relevant *The Book Buyer's Guide*, 1966 1945 Gregor Dallas, 2005-01-01 A history of the end of World War II that focuses on diplomatic mistakes military accidents and interactions of world leaders *Fortress France* J.E Kaufmann, H.W Kaufmann, Tomasz Idzikowski, 2005-11-30 The Maginot Line was the last great gun bearing line of subterranean forts built before World War II Although it acquired an unjustified reputation as a white elephant the Maginot Line fulfilled the role for which it was built allowing the French High Command the opportunity to mass its forces and counter the German invasion Unfortunately the French leadership failed to make the most of its assets with the resulting disastrous outcome During the 1920s the French High Command formulated a number of offensive plans to strike at Germany but by the end of the decade it switched to defensive plans because of a lack of manpower Work thus began on the Maginot Line and on other fortifications such as the French Mareth Line in North Africa and the heavy naval coastal defense batteries in Bizerte Tunisia and Toulon France The authors conclude that the Maginot Line offered the French High Command many opportunities from September 1939 until May 1940 They blame a failed French military doctrine for taking the initiative away from subordinates laying the groundwork for the disastrous events of 1940 that left the French High Command paralyzed while German forces broke through the weakly held Ardennes France on Trial Julian Jackson, 2023-08-22 A Telegraph Spectator Prospect and Times Best Book of the Year This is a story not just about P tain but about war and resistance the moral compromises of leadership and the meaning of France itself Margaret MacMillan This is a finely tuned history Those who enjoy tales of the sparring among excellent lawyers arguing an important case will find this book riveting And for those who want to understand contemporary France and its intricate politics *France on Trial* provides a vibrant analysis of a trial and verdict that remain contentious almost eight decades later Ronald C Rosbottom Wall Street Journal Shows Jackson at his best precise in detail vivid in imagery alert to irony firm in judgment and carefully disentangles the questions surrounding the Vichy regime that continue to vex French society Robert O Paxton Harper's In the terrible month of October 1940 few things were more shocking than the sight of Marshal Philippe P tain supremely decorated hero of the First World War now head of the French government shaking hands with Hitler P tain announced that France would henceforth collaborate with Germany This is my policy he intoned My ministers are responsible to me It is I alone who will be judged by History Five years later P tain was put on trial for his conduct during the war He stood accused of treason charged with heading a conspiracy to destroy France's democratic government and collaborating with Nazi Germany Award winning author Julian Jackson uses P tain's three week trial as a lens through which to examine one of history's great moral dilemmas Was the policy of collaboration four years to erase from our history as the prosecution claimed Or was it as conservative politicians insist to this day a sacrifice that placed pragmatism above moral purity As head of the Vichy regime P tain became the lightning rod for collective guilt and retribution But he has also been an icon of the nationalist right ever since In *France on Trial* Jackson blends courtroom

drama political intrigue and brilliant narrative history to highlight the hard choices and moral compromises leaders make in times of war Soldiers as Statesmen Peter Dennis, Adrian Preston, 2020-12-22 The Duke is a soldier a bad education for a statesmen in a free country Sir Walter Scott's fear of the political soldier has long been part of Western political life Yet although many countries would have preferred to keep the military out of politics few have been successful Originally published in 1976 this book examines the careers of five distinguished twentieth century soldiers and assesses their contribution as statesmen Hindenburg Byng Franco Eisenhower and De Gaulle all came into political life in different circumstances but none did so in the name of the profession or to establish a praetorian state Each was a professional soldier who found himself drawn into the political arena Each of these essays illuminates one aspect of the range of political sociological and historical issues which now surround the interrelationship of civil and military At a time when the tensions of democracy both internally and externally impose increasing pressure on the role of the military in society it is important to study the history of soldiers as statesmen **Adult Catalog: Subjects** Los Angeles County Public Library, 1970
