Chinoperekweyi,2018-02-28 The ability to quickly make good decisions is the hallmark for transformational presence The ability to make decisions that work is an essential characteristic that the world has been and is still yelling for The world is crying groaning yelling for most of us to revisit our decision making processes to incorporate transformational presence and to incorporate even the basics of genuine transformation within ourselves and around us This book is a transformational guide to making such decisions that work on the bigger picture The book introduces models and concepts to effective and transformational decision making skills at a time when most people have put off making decisions by endlessly searching for more information or entirely outsourcing other people to offer their recommendations There is an increasing peril of dependence in decision making among most individuals A fundamental question cannot be answered by someone else Individuals families organizations and societies have the wisdom and capacity to champion transformation by refining their decision making capacities To refine that capacity it is essential to create light within self by igniting your decision making capacity through enhancing your perception and intelligence **Up from the Ashes** William Landon,2010-05-14 Each of us goes through life on a search for the truth We may do this ether consciously or subconsciously but the journey is a part of our living Please understand that this is not some theoretical exercise The search for truth is vital for us to make correct decisions in all aspects of our life As such this is one of the most important understandings we can come to as human beings The search for truth is actually the search for reality and the nature of reality Thus this is an important part of meaningful living How successful we are going to be in living is heavily reliant on how clearly and correctly we understand the true nature of reality It is for this reason that this is no mere philosophical exercise This book is an exploration of the Bibles view of reality Contrary to popular opinion there is only one ultimate truth We need to reject the misconception that reality is subjective This is the error Pontus Pilate expressed to Christ John 18 38 and that the Athenian Greeks proposed to the

apostle Paul Acts 17 1921 Yet the true nature of life is that there is only one real truth Given the impact our understanding of truth has on our life here and now as well as in eternity there is no more important pursuit a person can undertake This book puts forth the view of truth that is based on the teachings of the Bible **The Secrets of Medical Decision Making** Oleg I. Reznik,2006-01-01 Dr Reznik s new book shows what goes on behind the scenes of current medical care and how it impacts the patient He also offers possible solutions for outpatient inpatient preventive and end of life care settings
