The Quarterly Christian Spectator ,1834 *The Spaniards* Americo Castro,2024-06-21 This ambitious book by Am rico Castro is not simply a history of the Spanish people or culture It is an attempt to create an entirely new understanding of Spanish society The Spaniards examines how the social position religious affiliation and beliefs of Christians Moors and Jews

together with their feelings of superiority or inferiority determined the development of Spanish identity and culture. Castro follows how *español*es began to form a nation beginning in the thirteenth century and became wholly Spanish in the sixteenth century in a different way and under different circumstances than other peoples of Western Europe. The original material of this book, chapters II through XII, was translated by Willard F. King, and the newly added material, preface, chapters I, XIII, and XIV, and appendix, was translated by Selma Margaretten. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1971. Sweet Anne Page

Mortimer Collins, 1868 **Locating American Studies** Lucy Maddox, 1999 This collection of 17 essays first printed in *American Quarterly*, the journal of the American Studies Association. To mark the Association's 50th anniversary in 1998, the editor has brought together works by a group of scholars which she believes provide a window into the history and evolution of the practice of American studies. Each essay originally published between 1950 and 1996 is accompanied by a commentary in which a scholar from a related field provides critical information for understanding the continuing importance of the work to the American Studies field. Contributors include Gene Wise, Henry Nash Smith, Barbara Welter, Alexander Saxton, and Kevin Mumford.

Subjects of Advice Ivan Lupaš, 2019-09-27 In *Subjects of Advice*, Ivan Lupaš uncovers the rich interconnectedness of dramatic art and the culture of counsel in the early modern period. While counsel was an important form of practical knowledge with concrete political consequences, it was also an ingrained cultural habit, a feature of obligatory mental, moral, and political hygiene. To be a Renaissance subject, Lupaš claims, one had to reckon with the advice of others. Lupaš examines this reckoning in a variety of sixteenth-century dramatic contexts. The result is an original account of the foundational role that counsel played in the development of Renaissance drama. Lupaš begins by considering the figure of Thomas More, whose influential argument about counsel as a form of performance in *Utopia* set the agenda for the entire century. Resisting linear narratives and recovering instead the simultaneity of radically different kinds of dramatic experience, he shows the vitality of later dramatic engagements with More's legacy through an analysis of the moral interlude staged within Sir Thomas More, a play possibly coauthored by Shakespeare. More also helps explain the complex use of counsel in Senecan drama, from the neo-Latin plays of George Buchanan discussed in connection with Buchanan's political writings to the historical tragedies of the mid-sixteenth century. If tyranny and exemplarity are the keywords for early Elizabethan drama, of counsel for the plays of Christopher Marlowe, it is friendship. Lupaš considers Marlowe's interest in friendship and counsel most notably in *Edward II*, alongside earlier dramatic treatments, thus exposing the pervasive fantasy of the ideal counselor as another self. *Subjects of Advice* concludes by placing *King Lear* in relation to its dramatic sources to demonstrate Shakespeare's deliberate dispersal of counsel throughout his play. Counsel's customary link to plain and fearless speech becomes, in Shakespeare's hands, a

powerful instrument of poetic and dramatic expression
