

The background of the image is a misty, atmospheric landscape. In the foreground, there are several bare, leafless trees with intricate branch structures. The ground appears to be covered in a layer of grass or low-lying vegetation, though it is somewhat obscured by the mist. In the background, a bright, hazy light source, possibly the sun or moon, creates a strong glow that diffuses through the mist, illuminating the scene. The overall color palette is muted, with soft greens, greys, and a warm, golden light from the background source. The text is centered in the upper half of the image, written in a classic, elegant serif font.

James Platter, 2012-11-21 Inside the covers of this book you will find the Real Scriptures of the Christian churches Many
church leaders know that other Christian churches hold to these books but they are only willing to state what they have been
brain washed to believe that is about the other inferior books It isn't in the canon of scripture formed of course by the early
Catholic Church at various stages and Councils from the fourth century A D therefore no one has the right to change what is
in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to
hide their offence at the words of God They would not even imagine that different churches have different scriptures and
assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other
priests must be considered demented or apostate but they are not affected by the changes they made to the canon of
Scripture over many centuries They will not consider the canons of Orthodox Churches or others because they vary in
different regions of the world So is European Christianity based in the Vatican City right about all its holy scriptures while
everyone else's church scriptures are false scriptures Ethiopia it seems got most books of scripture right even with their
translation into an ancient language The Real Scriptures edited by James Platter above a layman who formerly studied the
scriptures for many years with the Baptist Bible Fellowship in San Dimas California in the United States but now rejects the

expands the meaning of words in the text by placing amplification in parentheses and brackets after key words or phrases
Through multiple expressions greater emphasis is given to the divine message as reflected in the original Greek and Hebrew
Now readers can benefit from both translation approaches with this side by side comparison that offers a more enriching
