Michael Moore, 2008-02 Global warming caused dramatic changes in the Earth's climate. The sea level rose and coastal cities were inundated. Mobs ruled when power systems collapsed and food distribution failed. People fought among themselves until disease and starvation reduced their numbers. Cities and large towns were abandoned. After the Fall, Sword of Ictis is set in this future and when the story begins a hundred years have passed. In the Southlands, once known as Cornwall, the people thrive. They are happy taking what they need of nature's bounty and working together in harmony with the will of the Goddess Freya. There is tension between the Hex men, priests based in the towns, and the Frey sisters, who dominate the collective farms. These two groups share power but are rivals. Even so, the land is well ordered and peaceful until the evil Chi Dhu horde comes riding from the north. This is fast-paced action pitting an unstable alliance of townsmen, mudhoppers, and wicca against the relentless invaders. Intertwined through all this chaos is the story of swordsman Hal and his entrancing companion Ampney Gwendra. The wicca and swordsman Rame add magic and humour to the exotic tapestry of life. After the Fall. Also available: Talisman of Ictis, Book one in the series. [Swordsman on the Narrow Pathway](#) Lynn Kazi, 2004-01-05 Pittsburgh gospel tenor Keldrik Devanceras dream since a school assembly enthralled him was to portray lead roles in grand opera. His subsequent stage heroics thrilled European audiences but as an African American male he had yet to gain top billing in U.S.A. opera houses. With soulful vocal flair, a labor-sculpted physique, and a tenacious agent eye-catching Keldrik's quest for the same star status as Latino and European counterparts left his supportive lovely fiancée Iresha behind on too many frustrating occasions. Iresha's automatic effort to wave Keldrik's banner became fatigued under her own daily office struggles as editor's assistant. Her neglect grew obvious to a brawny, stylish marketing executive offering his persuasive expertise and a gentle arm to guide Iresha's path to promotion. Trusting in her faithfulness, Keldrik advanced toward his childhood dream despite gnawing suspicions and intensified opposition from jealous, arrogant stage veterans set on sending the tenor back to packing produce. [Eclipse 3](#) Jonathan Strahan, 2009-10-01 To observe an eclipse is to witness a rare and unusual event. Under darkened skies, the sun becomes a negative image of itself, its corona transforming the landscape into a strange space where anything might happen and any story may be true. In the spirit of classic science-fiction anthologies such as Universe Orbit and Starlight, master anthologist Jonathan Strahan's The Best Science Fiction and Fantasy of the Year presents the non-themed genre anthology Eclipse: New Science Fiction and Fantasy. Here you will find stories where strange and wonderful things happen where reality is eclipsed by something magical and new. Continuing in the footsteps of the multiple award-nominated anthologies Eclipse One and Eclipse Two, Eclipse Three delivers new fiction by some of the genre's most celebrated authors, including Karen Joy Fowler's story of a family's desperation and a rebellious young woman's strange incarceration; Ellen Klages's fable of a practical girl, an unusual tortoise, and an ancient mathematical puzzle; Pat Cadigan's story of a mysterious photograph and two friends' journey through space and time in order to solve its riddle; Jeffrey Ford's tale of a legendary sword imbued with the power to turn flesh to coral and of the artist that wields it.
