chosen to come to earth during this time of great transition We are all here sharing our lives with each other helping Mother Earth move into the Golden Age the spiritual Age of Aquarius This transition will complete on the date that the Mayan civilization predicted some 26 000 years ago December 21st 2012 There is much work to be done as we realize the need for the shift that must occur in our personal lives so that we can be in sync with the new fifth dimensional energy on this planet As our world resets itself so too must we reset ourselves What this means to each of us is that it is time to understand the meaning of how to live more fully in the fifth dimension Each of us must identify where we currently stand and where we need to go in order to experience the wonderment of fifth dimensional living Why Many of us may be existing as a two or a three dimensional person The energies that sustain those dimensions no longer exist on this planet So the old ways of thinking or operating that produced success at one time no longer exist It is now necessary for us if we are to exist in harmony with our planet to transition as well If we choose not to transition then frustration and anger will become paramount in our lives The choice is up to us To live in the fifth dimension is not only to experience the energy of magic and miracles but to learn that we can create all the perfection we desire in our lives by simply shifting our thinking into fifth dimensional thinking We are able to see the perfection where formerly we saw the illusion of imperfection This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony We are then able to turn possibilities into probabilities and probabilities into actualities This journey begins with describing and identifying all of the unseen but certainly not unfelt influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy thereby allowing this innate knowledge to grow and develop All of the necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension allowing you to create a new future You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey of healing You as parent of these inner children learn how to set the stage and the rules so that everyone is playing by the same playbook You learn that you may win as a team or you may lose as a team but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center By removing fears one by one each of us can transition from a place of fear into a place of love learning to live from the heart As we work towards this goal we isolate and identify the negative emotions that have been growing and harvesting within These negative emotions equate disease This book is your guide to help acknowledge these fears recognize and release them one by one creating a new you a lighter you We then experience a new energy a more evolved energy a higher vibrating energy as we invite the energy of excellent health and balance into our bodies It is here that **Nothing Is Too Good to Be True** John Randolph Price,2003-02-01 This work goes back to 9500 BC when the Grand Magicians came

forth on to 500 BC when the Great Ones appeared and continues to trace the life changing Principles of New Thought right up to the 21st century It reveals the Secret of the Ages and the ministering angels **All with God, Jesus and the Angels**
Bonnie Page,2024-04-16 Since the age of four Bonnie can remember growing up in a house filled with spirits they always seemed to be coming and going Coming from a long line of mediums on her mother s side it was no surprise to see her grandmother who had passed years before standing in the doorway of her bedroom or catching glimpses of spirits guides and angels who always surrounded her with protection It probably didn t help that she grew up in a historical schoolroom where children were drawn to and where she met her best friend from Spirit who came to play with her Her life was never boring but filled with love and a knowing that God Jesus and the Angels always surrounded her and you with Love Today Bonnie shares her gifts and true stories from the spirit world that will warm your heart and leave you knowing that Heaven truly does exist **My Psychic Journey** Chris Dufresne,2009-11 MY PSYCHIC JOURNEY Stemming from his vast experience conducting psychic readings for thousands of people Chris Dufresne recounts numerous examples of some of his most memorable and significant consultations along with affidavits from a number of past clients Chris and his mother world renowned psychic and spiritual teacher Sylvia Browne have always been firm believers that each individual comes into life with his or her own innate psychic ability and this book provides you with instructions and exercises that you can use to further develop your own unique talent in that area along with the responsibilities and ethics that should be followed in conjunction with this development As you read this fascinating work you may find yourself embarking on your own psychic journey which could change your life for the better in unimaginable ways Lies from the Pit Joseph Nadeau,2016-06-06

Who buys these lies There is no God If you do more good than bad youll go to Heaven When you die you will be reincarnated David and Jonathan were homosexuals The pope is infallible Jesus Christ was just a man All religions are really the same Heaven and Hell are only states of mind Isaiah 53 refers to the Jewish people not to Jesus Christ There are many ways to God The Lord Jesus Christ said of Satan When he speaketh a lie he speaketh of his own for he is a liar and the father of it John 8 44 In this spiritually seductive and dangerous age there is no dearth of the devils falsehoods Which ones do you believe It has been said that no lie can live forever but lies from the pit of Hell will prevent you from living forever with the Lord Jesus Christ who alone is the Way the Truth and the Life John 14 6 Now more than ever in this undiscerning time of tolerance we must identify and condemn the devils counterfeits regardless of who is offended This compilation of religious and moral lies and their refutations will inform as well as offend both un awakened sinners and soft theology Christians provoking them to seek the truth of Gods Word and the salvation that is only in His Son for outside of Gods Kingdom writhing in eternal fire will be whosoever loveth and maketh a lie Revelation 22 15 Soul's Perfection (Volume 1 of 2) (EasyRead Super Large 24pt Edition) , **Soul's Perfection (EasyRead Super Large 18pt Edition)** , *Journey to Love* Dolores Eckles,2014-08-08 Journey to Love is my journey of spiritual quest in learning and growing Love The journey begins with a difficult childhood

winds through knowing when to leave each of two marriages choosing a rewarding career traveling on six continents to see that humanity is one having the gifts of intuition and moxie being in chronic pain and overcoming health and other challenges **All You Want to Know But Didn't Think You Could Ask** Jessica Lyn Tinklenberg deVega,Christine Ortega Gaurkee,2012 This book clarifies the founding history practices and beliefs of world groups and philosophies Each chapter puts the group in context and explains how the religion is similar to or different from Christianity The Psychological Roots of Religious Belief M. D. Faber,2010-06-03 In this insightful new study M D Faber whose previous work on the psychology of religion has won widespread critical acclaim offers a comprehensive naturalistic explanation of religious experience from the intertwining perspectives of neuroscience and developmental psychology Faber here argues that belief in God the powerful sensation of his presence and the heartfelt assent to the reality of the supernatural are all produced by the mind brain s inherent tendency to discover in religious narrative a striking memorial echo of its own biological development Although Faber maintains that we are not wired specifically for God as many contend our brain is so constructed as to make us profoundly susceptible to religious myths These myths encourage us to map our early internalized experience onto a variety of supernatural narratives with the figure of the Parent God and his angelic assistants at the center A key point of Faber s analysis is the connection between the onset of infantile amnesia during childhood s later years and the evocative power of religious mythology Although we cannot explicitly recall our earliest interactions with our parents or other caregivers religious narratives can and do jog these implicit emotional memories in an uncanny way which prompts us to accede to religion s central tenet namely that we are in the care of an omnipotent parental provider who watches over us and ministers to our needs In the final analysis religious experience attempts to recapture and to reinstate in an idealized form the symbiotic union of the early parent child relation This pioneering highly original work takes the reader to the neurological psychological bedrock of religious experience
