Symbolische Logik in der mündlichen Tradition der Aymaras Raimund Schramm, 1988 *Other Histories* Kirsten Hastrup, 2013-01-11 The historization of anthropology has entailed a radically new view upon history and the nature of history This collection of papers from the first conference of the newly formed European Association of Social Anthropologists demonstrate how ways of thinking about history are important features of any production of history and how cultural concepts enter as forces of historical causation Latin American Indian Literatures Journal ,1997 *International Christian Literature Documentation Project* Douglas W. Geyer, 1993 **Bibliographic Guide to Latin American Studies** Benson Latin American Collection, 1991 **Anthropos** ,1994 **Bibliographic Guide to Anthropology and Archaeology** ,1991 Mundus ,1988 **Index to Book Reviews in Religion** ,1993 **Répertoire Mondial Des Institutions de Sciences Sociales** ,1990 Indigene Religionen Südamerikas Mark Münzel, 2021-08-18 There are three apparently contradictory aspects that define the religious features of South America traditionally strong Catholicism Protestant and Pentecostal denominations that have gained strength since the 19th century and religions of pre Columbian origin that have survived and developed further This volume offers a descriptive account of these strands as the living religions of people today which can be inquired into by ethnologists and religious scholars In the process the book divides South America into two religious areas the Central Andes region where pre European traditions were already incorporated into local Christianity in many places during the colonial period and the area east of the Andes and to a lesser extent the northern and southern Andes where separate religions survived more autonomously but lost a large number of their adherents in the 20th century due to new intensive Christian missionary work Folk ,1989 Guji Oromo Culture in Southern Ethiopia Joseph van de Loo, Bilow Kola, 1991 **Sua in Somié** David Zeitlyn, 1994 **International Christian Literature Documentation Project: Author-editor index, corporate name index** ,1993 *Enkyklopaedische Erinnerungen an Fortraege aus Logik, Ethik, -Aesthetik, Literaturgeschichte, Stylistik, Pflanzen-Symbolik etc* ,1868 Répertoire Mondial Des Institutions de Sciences Sociales Unesco, 1990 Includes acronyms of institutions *Translation and Interdisciplinarity* Faruk Yücel, Mehmet Tahir Öncü, 2022-12-12 Interdisciplinarity is significant in the age of globalization and digitalization It creates new opportunities through comparison and analysis of different findings and methods Furthermore it expands the boundaries of each discipline each topic or phenomenon can be viewed under a whole new light Instead of conventional or traditional methods interdisciplinary cooperation can lead to innovative approaches that can contribute to the value of each discipline involved It also requires respect and recognition between disciplines their independent positions could be questioned or justified based on their interrelationship Moreover interdisciplinary work brings together diverse experts who cooperate and share their findings with each other In this sense interdisciplinarity can be seen as a dialogue between disciplines In this complex interaction a third field may emerge that transcends the

boundaries of each independent discipline Since relatively young Translation Studies has long been influenced by other disciplines its boundaries could be defined through interdisciplinarity In this book numerous translation scholars engage with the relationship between translation and other disciplines Translation here is not only to be understood as a transmission of texts but in a broader sense as denoting a transformation of different phenomena that could be studied both as a product and as a process *Folk* Johannes Nicolaisen, Jens Yde, 1992 Enkyklopaedishe Erinerungen an Fortraege aus Logik, Ethik, Aesthetik, Literaturgeshichte, Stylistik, Pflanzen-Symbolik &c Franz Klagel, 1868
