Symposium On Adventist History In The S Pacific 18851918:

Symposium on Adventist History in the South Pacific 1885- 1918 Arthur J. Ferch, Historical Dictionary of the Seventh-Day Adventists Gary Land, 2014-10-23 Seventh day Adventism was born as a radical millenarian sect in nineteenth century America. It has since spread across the world achieving far more success in Latin America, Africa and Asia than in its native land. In what seems a paradox, Adventist expectation of Christ's imminent return has led the denomination to develop extensive educational, publishing and health systems increasingly established within a variety of societies. Adventism over time has modified its views on many issues and accommodated itself to the delay of the Second Advent. In the process it has become a multicultural religion that nonetheless reflects the dominant influence of its American origins. This second edition of Historical Dictionary of the Seventh Day Adventists covers its history through a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has over 600 cross referenced entries on key people, cinema, politics and government, sports and critics of Ellen White. This book is an excellent access point for students, researchers and anyone wanting to know more about Seventh day Adventism. **The a to Z of the Seventh-Day Adventists** Gary Land, 2009-07 Covering the Millerite movement of the 1830s and 1840s, sabbatarian Adventism prior to organization of the denomination and the Seventh day Adventist Church since its organization in 1861, this volume provides a comprehensive history of the denomination. **The Ellen G. White Encyclopedia** Denis Fortin, Jerry Moon, 2014-04-08 Everything About Ellen G. White in One Resource. This masterwork brings together hundreds of articles that describe the people and events in the life of Ellen White as well as her stand on numerous topics: Doctrine and Theology, use of the Apocrypha, the Holy Flesh, movement, the humanity of Christ, justification, King of the North, latter rain, legalism, perfection, Health and Lifestyle, dress reform, football, hydrotherapy, insurance, use of humor, milk and cheese, politics and voting, secret vice, time management, Life Events, her conversion, General Conference session of 1888, great controversy, vision, iceberg vision, San Francisco earthquake, Places: Gorham, Maine; Graysville, Tennessee; Loma Linda Sanitarium; Oakwood Industrial School; Pitcairn; People: Elizabeth Harmon, Bangs, the twin sister that Ellen worked to bring into the faith; Fannie Bolton, the literary assistant who was fired a surprising number of times; John Byington, the militant abolitionist and first General Conference president; Sylvester Graham, the temperance advocate whose cracker lives on today; Moses Hull, the evangelist who lost a debate with a spiritualist in more ways than one. Everything from the hymns Ellen White loved to the homes she lived in are covered in heavily referenced articles. You'll find a detailed chronology of her life and extensive articles on her ministry, her theology and her statements in the light of advancing scientific knowledge. Whether you're preparing a sermon, teaching a class or finding answers to personal questions, this single resource has the answers you need. **Christian Remnant-African Folk Church** Stefan Höschele, 2007-01-01 Tanzanian Adventism exemplifies one of the most fascinating shifts in the history of religions: the growth of Christianity in Africa. Most striking in this account is the analysis of a minority denomination's transformation to a

veritable folk church **Bibliographic Guide to Conference Publications** New York Public Library. Research Libraries, 1989 Vols for 1975 include publications cataloged by the Research Libraries of the New York Public Library with additional entries from the Library of Congress MARC tapes **The Method of Hope** Hirokazu Miyazaki, 2004 The Method of Hope examines the relationship between hope and knowledge by investigating how hope is produced in various forms of knowledge Fijian philosophical anthropological The book participates in on going debates in social theory about how to reclaim the category of hope in progressive thought Performing Place, Practising Memories Rosita Henry, 2012-09-01 During the 1970s a wave of counter culture people moved into rural communities in many parts of Australia This study focuses in particular on the town of Kuranda in North Queensland and the relationship between the settlers and the local Aboriginal population concentrating on a number of linked social dramas that portrayed the use of both public and private space Through their public performances and in their everyday spatial encounters these people resisted the bureaucratic state but in the process they also contributed to the cultivation and propagation of state effects **The Disruption of Evangelicalism** Geoffrey Treloar, 2016-12-15 The Disruption of Evangelicalism is the first comprehensive account of the evangelical tradition across the English speaking world from the end of the nineteenth to the mid twentieth century It offers fresh perspectives on conversionism and the life of faith biblical and theological perspectives social engagement and mission Tracing these trajectories through a period of great turbulence in world history we see the deepening of an evangelical diversity And as events unfold we notice the spectrum of evangelicalism fragments in varied and often competing strands Dividing the era into two phases before 1914 and after 1918 draws out the impact of the Great War of 1914 18 as evangelicals renegotiated their identity in the modern world By accenting his account with the careers of selected key figures Geoffrey Treloar illustrates the very different responses of evangelicals to the demands of a critical and transitional period The Disruption of Evangelicalism sets out a case that deserves the attention of both professional and arm chair historians

Footsteps in the Sea John Garrett, 1992 **Should I Fight?** Barry W. Bussey, 2010-12-31 Since its organization in 1863 the Seventh day Adventist Church has been counter cultural In its Christian witness to modern society it has advocated keeping the seventh day Sabbath vegetarianism abstinence from tobacco and alcohol and refusal of its members to bear arms But the stance on the refusal to bear arms has seen a metamorphous in modern times Today more Seventh day Adventist young people have voluntarily joined the military than in any previous generation of the Church s history This volume is a compilation of essays that were presented at a conference called to discuss the Adventist Church s position on conscientious objection The presenters considered the history of the Church s stand and the changing views These discussions were not limited to American context but considered other countries including South Africa and Canada *The Theory and Practice of the Music in the Seventh-Day Adventist Church in Papua New Guinea* Jennifer J. SDA Organizational Structure Barry David Oliver, 1989 In this investigation of the administrative structures of the Seventh day Adventist church Oliver examines the historical precursors of reorganization during the years of 1888-1903. He proposes reasons for the reorganization of the church in 1901-1903 and ascertains how the principles involved were related to soteriology, ecclesiology, eschatological vision and the sense of mission in the church. Oliver makes applications to the continuously changing contemporary church. [Annual Bibliography](#) Australian Institute of Aboriginal Studies, 1988

Bibliography of Imperial, Colonial, and Commonwealth History Since 1600 Andrew N. Porter, 2002 The twentieth century witnessed an unprecedented growth of research and publication on the history of Britain's empire: the Commonwealth and British expansion overseas. Historical work by area specialists has transformed the state of knowledge concerning colonial North America, India, the Caribbean, sub-Saharan Africa, South and South East Asia, the Pacific and Australasia. Much has been written about Britain's interests and presence in areas and societies never formally subjected to British rule such as Latin America and the Middle and Far East. Most recently a preoccupation with the reciprocal impact of overseas expansion and colonial possessions on Britain itself has produced a rapidly growing historiography. Publication on this scale has made it virtually impossible for anyone either to keep track of the results or to follow up particular interests. Britain's overseas history has never been well supplied with comprehensive bibliographical aids and despite extensive public interest in the subject the position has steadily worsened. Following the recent Oxford History of the British Empire this volume is therefore designed to provide a general source of reference and bibliographical guidance at once wide ranging up to date and accessible. [God in the Landscape](#) Kerrie Handasyde, 2021-07-15 This book shows how creative writing gives voice to the drama and nuance of religious experience in a way that is rarely captured by sermons, reports and the minutes of church meetings. The author explores the history of religious Dissent and Evangelicalism in Australia through a variety of literary responses to landscape from both men and women, lay and ordained. The book explores transnational themes along with themes of migration and travel across the Australian continent. The author gives insight into the literature of Protestant Dissent concerned as it is with travel, belonging and the intersection of national and religious identity. Much of the writing is situated on the road: a soldier returning from the Great War, a child on a lone adventure, a night time journey through urban slums, all of these are in some way dependent on the theme of walking with Jesus as the Holy Land travelogues make explicit.

God in the Landscape draws the links between landscape literature and spirituality with imagination and insight and is an important contribution to the historical study of religion and the environment *Religions of Melanesia* Garry Trompf, 2006-09-30 Religions of Melanesia is the first comprehensive annotated bibliography of religious life in a region that boasts over one quarter of the world's distinct religions
