But I'll talk about it to you because you're going to be writing about people who do what I do. And about what are called the invisible realms. Hearing those words during her first ever psychic reading, Anne Newgarden had no idea how true they would one day prove to be. As a child, Anne had a deep wonderlust about psychics, ESP, Ouija boards, séances, and all things metaphysical. Even as an adult struggling to forge a career as a writer and endlessly searching for love, Anne maintained a keen curiosity about the paranormal. But it wasn't until later in life, after suffering through a painful breakup and the death of a friend, that Anne's wonderlust fully ignited and she embarked on a series of adventures exploring the mystical and unexplained. In *Adventures of a Soul*, Psychics, Mediums, the Mystical, and Me, Anne takes readers along on a wild ride as she searches for the truth about psychics and mediums, reincarnation, and soul mates, angels, and spirit guides, and for true love. You'll get an inside view as she meets with top psychics for in-depth readings, witnesses a friend's struggle with newfound medium abilities, converses with the dead, discovers past lives, develops startling intuitive abilities, communicates with angels and spirit guides, and finds a soul mate who curls her toes and heals her heart. Honest, poignant, funny, and unique, *Adventures of a Soul* is part memoir, part self-help book, and part New Age guidebook. It is the inspiring story of one woman's mind-blowing adventures that radically transformed her worldview and her life. If you've ever been curious about the paranormal, wondered what a psychic or medium reading is really like, pondered life after death, or felt there might be more to reality than what meets the eye, this book is for you. Reading it might just make the paranormal your new normal too. **Corporate Bitch to Shaman** Evelyn Brodie, 2013-09-09 Evelyn Brodie worked as an economist in government and the City, then as a live television journalist, Head of Financial Communications, and strategic communications consultant, until undeniable experiences forced her to change her belief system. I had unconsciously adopted the role of Scary Corporate Bitch, which required me to suppress my femininity, intuition, and compassion in favour of being super-rational, judgemental, and selfish. I had absolutely no religious or spiritual beliefs. Today, Evelyn is a shaman, Reiki Master, and craniosacral therapist, helping people to release the limiting beliefs of their social conditioning and step into their potential. This is her story describing the esoteric experiences that forced her to change her belief system and adopt a new way of living. Remote viewing, rebirthing, and shamanic journeying led her to investigate the multi-dimensional, non-local world of quantum physics and the new

**Synchronicity** M. D. Faber, 1998-10-30 Synchronistic events can be explained fully in naturalistic terms They comprise an instance of the uncanny as they return the individual subjectively to a period when the world as the good parent was sympathetically attuned to the individual's wishes and requirements Jung invoked the spiritual or the supernatural or the paranormal to explain synchronicity rather than exploring the early stages of human existence Faber offers a critique of Jung's theory of synchronicity that develops an alternative to demystify synchronistic happenings by explaining them in purely naturalistic terms The book's larger purpose is to demystify Jung's archetypal psychology and to explain the whole Jungian approach to human behavior in naturalistic terms Because Jung's psychology is ultimately religious in nature the book touches generally upon the implications of religion and religious conduct The book offers the reader an opportunity to ponder the psychological nature of synchronicity either as a spiritual occurrence with paranormal overtones or as a return of the repressed a mnemonic trace of events that actually transpired in the life of the individual
