Terrible Gustave Dore:

The Terrible Gustave Doré Hellmut Lehmann-Haupt, 1943 The French painter and illustrator and his work *The Terrible Gustave Doré* Hellmut Lehmann-Haupt, 1976 **The Terrible Gustave Doré, by Hellmut Lehmann-Haupt** Hellmut Lehmann-Haupt, 1943 **Gustave Doré and the Modern Biblical Imagination** Sarah C. Schaefer, 2021 Gustave Doré and the Modern Biblical Imagination explores the role of biblical imagery in modernity through the lens of Gustave Doré 1832-83 whose work is among the most reproduced and adapted scriptural imagery in the history of Judeo-Christianity First published in France in late 1865 Doré's Bible illustrations received widespread critical acclaim among both religious and lay audiences and the next several decades saw unprecedented dissemination of the images on an international scale In 1868 the Doré Gallery opened in London featuring monumental religious paintings that drew 2.5 million visitors over the course of a quarter century when the gallery's holdings travelled to the United States in 1892 exhibitions at venues like the Art Institute of Chicago drew record crowds The United States saw the most creative appropriations of Doré's images among a plethora of media from prayer cards and magic lantern slides to massive stained glass windows and the spectacular epic films of Cecil B. DeMille This book repositions biblical imagery at the center of modernity an era that has often been defined through a process of secularization and argues that Doré's biblical imagery negotiated the challenges of visualizing the Bible for modern audiences in both sacred and secular contexts A set of texts whose veracity and authority were under unprecedented scrutiny in this period the Bible was at the center of a range of historical theological and cultural debates Gustave Doré is at the nexus of these narratives as his work established the most pervasive visual language for biblical imagery in the past two and a half centuries and constitutes the means by which the Bible has persistently been translated visually [Global Milton and Visual Art](#) Angelica Duran, Mario Murgia, 2021-03-18 [Global Milton and Visual Art](#) showcases the aesthetic appropriation and reinterpretation of the works and legend of the early modern English poet and politician John Milton in diverse eras, regions and media book illustrations, cinema, digital reworkings, monuments, painting, sculpture, shieldry and stained glass It innovates an inclusive approach to Milton's literary art especially his masterpiece *Paradise Lost* in global contemporary aesthetics via intertextual and interdisciplinary relations The fifteen purposefully brief chapters, 103 illustrations and 64 supplemental web images reflect the great richness of the topics and the diverse experiences and expertise of the contributors Part I Panoramas provides overviews and key contexts Part II Cameos offers different perspectives of the varied afterlives of the most widely circulating illustrations of *Paradise Lost* those by Gustave Doré Part III Textual Close-ups focuses on a rich variety of book illustrations from centuries-old elite engravings to a twenty-first-century graphic novel and Part IV A Prospect beyond Books explores visual media outside of books that manifest powerful connections, direct and indirect with Milton's works and legend **Art Books** Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of *Art Books: A Basic Bibliography of Monographs on Artists* the vast number of new books published since 1985 was surveyed and evaluated This

has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

Dreadful David Margolick, 2013-06-04

American author John Horne Burns 1916-1953 led a brief and controversial life and as a writer transformed many of his darkest experiences into literature. Burns was born in Massachusetts, graduated from Andover and Harvard, and went on to teach English at the Loomis School, a boarding school for boys in Windsor, Connecticut. During World War II, he was stationed in Africa and Italy and worked mainly in military intelligence. His first novel, *The Gallery* (1947), based on his wartime experiences, is a critically acclaimed novel and one of the first to unflinchingly depict gay life in the military. *The Gallery* sold half a million copies upon publication but never again would Burns receive that kind of critical or popular attention. *Dreadful* follows Burns from his education at the best schools to his final years of drinking and depression in Italy. With intelligence and insight, David Margolick examines Burns's moral ambivalence toward the behavior of American soldiers stationed with him in Naples and the scandal surrounding his second novel, *Lucifer with a Book*, an unflattering portrayal of his experiences at Loomis. **The Matterhorn** Guido Rey, 1908 *In Praise of Switzerland* Harold Spender, 1912 *The Spectator*, 1865 A weekly review of politics, literature, theology, and art *The Publishers Weekly*, 1945-03 *Sesame and Lilies* John Ruskin, 1884
