**Exorcism and Deliverance Ministry in the**

**Twentieth Century** James M. Collins, 2009-11-10 This study seeks to demonstrate that exorcism deliverance ministry is an innately enthusiastic practice utilizing John Knox's classic study of Christian enthusiasm. The twentieth century provides an ideal arena for such a study since it frames a complete lifecycle for this rite from its infancy during the early decades through its heyday in the 1970s and 80s on to creeping routinisation by the end of the century. Two enthusiastic settings, Charismatic and Evangelical Fundamentalist, are identified and examined as the environment in which two related streams of exorcism deliverance ministry were practiced. Finally, enthusiastic Sacramentalist exorcism is considered in order to establish the thesis that enthusiastic settings provide a conducive atmosphere for the emergence and practice of exorcism deliverance ministry. Attention is paid to historical factors within the Charismatic and Evangelical Fundamentalist streams that underlie the development of this rite. As a result, important secondary insights are gained into the tidal nature of enthusiastic movements, the role of itinerant preachers in the propagation of enthusiasm, the routinisation of enthusiastic practices, and the manner in which enthusiasm overcomes institutional denominational boundaries. The study provides the foundation for future investigation of the manner in which enthusiastic experience is presented for apologetic purposes, the relationship between exorcism deliverance ministry and millenarianism, and the practice of this rite within non-Western churches. **Reaching**

**Chinese Worldwide** Wright Doyle, 2015-03-25 *Reaching Chinese Worldwide* introduces the many ways in which Christians may communicate the truth and love of God in Christ to Chinese around the world. This nearly comprehensive survey contains both fundamental principles and practical suggestions useful for all those wanting to make a Christian impact on China.

**Mission)** Michael Pocock, Gailyn Van Rhee, Douglas McConnell, 2005-10-01 The dramatic changes that have taken place both in global society and in the church have implications for how the church does missions in the twenty-first century. These trends include the rise of postmodernism, the spiritual decline in the West, and the advance of the gospel in the rest of the world, and the impact of technology on society and missions. *The Changing Face of World Missions* is for the mission-minded church leader or lay person who wants to understand these trends. Each chapter identifies and evaluates a trend, examines it in light of Scripture, and proposes a practical response. Important terms are defined, and sidebars help readers think through the issues on their own. **The Church Militant** Graham R. Smith, 2016-11-08 A worldview of spiritual warfare is widely held among charismatics and Pentecostals, but it has been criticized for producing paranoia and denying personal responsibility. It

is less well known that the term was first used in print around 1970 by Anglican charismatics What did it mean to them then and what are the practical effects of their worldview Should we now be adopting a more sophisticated ontology of evil such as Nigel Wright's non ontological realist view or Amos Yong's apophatic theology of the demonic rather than the traditional one that Satan and demons are real ontological entities This practical theological study begins with a study of Anglican charismatic pioneers and an in depth case study of a charismatic Anglican congregation before grappling with the ontological question in dialogue with Wright together with Barth and Walter Wink Yong and Gregory Boyd A fresh engagement with the biblical texts then argues for a positive realist ontology for rebellious demonic powers and presents a Trinitarian model of spiritual warfare praxis that emphasizes personal responsibility and promotes freedom from fear **Encountering**

the church over the last two thousand years The question before us is what does it mean for us today This book seeks to address and answer some of those questions by examining carefully the verses in question Acts 2 17 21 and their wider context and purpose

**Miracles : 2 Volumes** Craig S. Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship s 2012 Award of Excellence 2011 Book of the Year Christianbook com s Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume s argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume s argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports
