research Jeffrey Ian Ross's introduction outlines the sociopolitical dynamics of violence and his summary chapter offers directions for future research. When the book was first published in 1995 it was widely praised by scholarly journals and has since become a standard text in the study of violence and modern Canadian cultural studies. The book is all the more valuable as its new introduction places its findings in the context of research that has been produced since the original publication. *Violence in Canada* will be of interest to sociologists, criminologists and political scientists. Jeffrey Ian Ross is an associate professor in the Division of Criminology, Criminal Justice and Social Policy and fellow with the Center for Comparative and International Law, University of Baltimore. His work has appeared in many academic journals and chapters in academic texts as well as articles in popular magazines in Canada and the United States. He is the author, co-author, editor or co-editor of eight books. Ted Robert Gurr is Distinguished University Professor at the University of Maryland. Among his books are *Why Men Rebel* and *Violence in America*. **Truth and Honour** Greg Marquis, 2025-09-19 *Truth and Honour* explores the 2011 murder of Saint John businessman Richard Oland of the prominent family that owns Moosehead Breweries, the ensuing police investigation and the arrest, trial and conviction of the victim's son, Dennis Oland, for second-degree murder. Oland's trial would be the most publicized in New Brunswick history. What the trial judge called a family tragedy of Shakespearian proportions, this real-life murder mystery included adultery, family dysfunction, largely circumstantial evidence, allegations of police incompetence, a high-powered legal defence and a verdict that shocked the community. Today the Oland family maintains Dennis Oland's innocence. Author Greg Marquis, a professor of Canadian history at the University of Saint John, leads readers through the case from the discovery of the crime to the conviction and sentencing of the defendant. Offering multiple perspectives, *Truth and Honour* explores this question: was Dennis Oland responsible for the death of his father?

The Stories We Are William Lowell Randall, 2014-01-01 William Lowell Randall explores the links between literature and life and speculates on the range of storytelling styles through which people compose their lives. In doing so, he draws on a variety of fields including psychology, psychotherapy, theology, philosophy, feminist theory and literary theory. *Geographic Profiling* D. Kim Rossmo, 1999-12-28 As any police officer who has ever walked a beat or worked a crime scene knows, the street has its hot spots, patterns and rhythms. Drug dealers work their markets, prostitutes stroll their favorite corners and burglars hit their favorite neighborhoods. But putting all the geographic information together in cases of serial violent crime—murder, rape, arson, bombing and robbery—is highly challenging. Just ask the homicide detectives of the Los Angeles Police Department who hunted the Hillside Stranglers or law enforcement officers in Louisiana who tracked the brutal South Side rapist. *Geographic Profiling* introduces and explains this cutting-edge investigative methodology in depth. Used to analyze the locations of a connected series of crimes to determine the most likely area of offender residence, geographic profiling allows investigators and law enforcement officers to more effectively manage information and focus their investigations. This extensive and exhaustive work explains geographic profiling theories and principles and includes an extensive review of the

literature and research in the areas of criminal profiling forensic behavioral science serial violent crime environmental criminology and the geography of crime For investigators and police officers deployed in the field as well as criminal analysts Geographic Profiling is a must have reference *Canadian Patent Reporter* ,1991 *Quill & Quire* ,1992 **Acadiensis** ,1991 *Canadiana* ,1991 **Canadian Books in Print** Marian Butler,2000 *Canadian Books in Print* ,2000

International Books in Print ,1990 *Canadian Periodical Index* ,2000 **Monsters in and Among Us** Caroline Joan Picart,Cecil E. Greek,2007 Rather than assuming that film and the media tell us little about the reality of criminological phenomena Gothic criminology as instantiated in this collection of essays recognizes the complementarity of critical academic and aesthetic accounts of deviant behavior as intersecting with the public policy in complex non reductive ways

Moral Panic Philip Jenkins,2004-12-01 Today it is commonly acknowledged that sexual abuse of children is a grave and pervasive problem Yet 20 years ago many experts believed that child molestation was a rare offense This book traces shifting social responses to child molestation *The Canadian Who's who* ,2000 **Nelson Criminology Dictionary** Robert Drislane,Gary Parkinson,2005 Written by Gary Parkinson and Robert Drislane the Nelson Criminology Dictionary is a compact and inexpensive glossary of common criminological terms that students will encounter during their studies in criminology More than 1 400 entries cover the main concepts and events that are used in criminology and criminal justice courses making this dictionary an invaluable tool **Decade of Nightmares** Philip Jenkins,2006-03-15 Why did the youthful optimism and openness of the sixties give way to Ronald Reagan and the spirit of conservative reaction a spirit that remains ascendant today Drawing on a wide array of sources including tabloid journalism popular fiction movies and television shows Philip Jenkins argues that a remarkable confluence of panics scares and a few genuine threats created a climate of fear that led to the conservative reaction He identifies 1975 to 1986 as the watershed years During this time he says there was a sharp increase in perceived threats to our security at home and abroad At home America seemed to be threatened by monstrous criminals serial killers child abusers Satanic cults and predatory drug dealers to name just a few On the international scene we were confronted by the Soviet Union and its evil empire by OPEC with its stranglehold on global oil by the Ayatollahs who made hostages of our diplomats in Iran Increasingly these dangers began to be described in terms of moral evil Rejecting the radicalism of the 60s which many saw as the source of the crisis Americans adopted a more pessimistic interpretation of human behavior which harked back to much older themes in American culture This simpler but darker vision ultimately brought us Ronald Reagan and the ascendancy of the political Right which more than two decades later shows no sign of loosening its grip Writing in his usual crisp and witty prose Jenkins offers a truly original and persuasive account of a period that continues to fascinate the American public It is bound to captivate anyone who lived through this period as well as all those who want to understand the forces that transformed and continue to define the American political landscape **The Great Pictorial History of World Crime** Jay Robert Nash,2004-04-29 The vast and mysterious world of criminals from
