Baxter,2011-09-08 An explosive and perceptive biography of the British novelist J G Ballard To many people J G Ballard will
always be the schoolboy in Steven Spielberg s movie Empire of the Sun struggling to survive as an internee of the Japanese
during World War II Others remember him as the author of CRASH a meditation on the eroticism of the automobile and the
car crash which also became a film and a cause celebre for its frank depiction of a fetish which as this book reveals was no
literary conceit but a lifelong preoccupation In this first biography John Baxter draws on an admiration of and acquaintance
with Ballard that began when they were writers for the same 1960s science fiction magazines With the help of the few people
whom he admitted to his often hermit like existence it illuminates the troubled reality behind the urbane and amiable facade
