Ryder Smith, 2009-11-01 In this volume Dr Ryder Smith continues his series of studies in great Bible doctrines Its main subject is Grace and he examines afresh the meaning and use of such terms as chesed in the Old Testament and charis in the New not forgetting the Septuagint But there are chapters also on

doctrines closely related to Grace under such titles as Trial Temptation and Discipline Election and The Fellowship of God with Man in Christ In his chapters on Righteousness in Sinners and Sin in Believers he maintains that the full Christian doctrine is nowhere drawn out in the New Testament but that it may be deduced from scattered references In his discussion of Sin in Believers he claims that Paul taught what some may consider a heresy namely that in what may be called conversion baptism a believer was wholly cleansed from sin In many ways this volume is complementary to Dr Smith s last volume The Bible Doctrine of Sin and like all his work it is the fruit of sound knowledge deep scholarship and penetrating insight
