Testimony András Mezei, Thomas Land, 1995-01-01 *Holocaust Testimonies* Thomas Pegelow Kaplan, Wolf Gruner, Miriam Offer, Boaz Cohen, 2025-05-15 Close to a time when there will be no more survivors to speak about their suffering this innovative study takes much needed stock of the past present and future of Holocaust testimony Drawing from a vast range of witness accounts including a never before published survivor interview and carefully situating analysis within broader historical and political discourses this international team of scholars address many pertinent issues of testimony in the post witness age These include questions of representation and testimony form memory politics and the role of the witness the legacy of the Holocaust and impact on future generations the digital turn and issues of access and gender and testimony in the wake of MeToo Stressing the importance of re assessing re contextualizing and re presenting testimonies these essays make a powerful case for the ongoing centrality of witnesses and witnessing in Holocaust research education and memory In doing so Holocaust Testimonies skillfully paves the way for future research with survivor testimonies

Testimony Shoshana Felman, Dori Laub, 2013-10-18 In this unique collection Yale literary critic Shoshana Felman and psychoanalyst Dori Laub examine the nature and function of memory and the act of witnessing both in their general relation to the acts of writing and reading and in their particular relation to the Holocaust Moving from the literary to the visual from the artistic to the autobiographical and from the psychoanalytic to the historical the book defines for the first time the trauma of the Holocaust as a radical crisis of witnessing the unprecedented historical occurrence of an event eliminating its own witness Through the alternation of a literary and clinical perspective the authors focus on the henceforth modified relation between knowledge and event literature and evidence speech and survival witnessing and ethics The Construction of Testimony Erin McGlothlin, Brad Prager, Markus Zisselsberger, 2020-04-21 Scholars and students of film studies and Holocaust studies will value this close analysis Jewish Responses to Persecution: 1944-1946 Leah Wolfson, 2015-08-13 Published in association with the United States Holocaust Memorial Museum With its unique combination of primary sources and historical narrative Jewish Responses to Persecution 1944 1946 provides an important new perspective on Holocaust history Covering the final year of Nazi destruction and the immediate postwar years it traces the increasingly urgent Jewish struggle for survival which included armed resistance and organized escape attempts Shedding light on the personal and public lives of Jews this book provides compelling insights into a wide range of Jewish experiences during the Holocaust Jewish individuals and communities suffered through this devastating period and reflected on the Holocaust differently depending on their nationality personal and communal histories and traditions political beliefs economic situations and other life history The rich spectrum of primary source material collected including letters diary entries photographs transcripts of

speeches and radio addresses newspaper articles drawings and official government and institutional memos and reports makes this volume an essential research tool and curriculum companion **Wounded Scholar, Healing Witness** Idit Gil, Stefanie Hofer, 2025-09-03 This edited book focuses on the role of scholars in studying their own individual traumas exploring the complex interplay between personal trauma and scholarly engagement It gathers a diverse range of contributions including an essay seven articles and an insightful interview The authors discuss the emotional ethical and intellectual challenges they faced in the research and representation of their traumas They examine how personal and collective wounds shape individual identities community narratives and broader societal dynamics in Europe Asia Australia and the Americas from the 1930s to the present The causes of trauma are multifaceted and include the current war in the Middle East school shootings in the USA the AIDS crisis in South Africa genocides such as the Holodomor and the Holocaust nuclear warfare during the Second World War and childhood abuse Following the diverse methodologies employed in trauma studies this volume reflects multidisciplinary backgrounds and will be beneficial for students scholars and researchers of literature film studies history psychology musicology and visual art The chapters in this book were originally published as a special issue of *Life Writing*

available archival material and novel research in the areas of families youth rescue resistance gender and memory this volume will be an indispensable guide to current work on the familial and social history of the Holocaust

Interpreting at the First Frankfurt Auschwitz Trial Peter Davies, 2025-06-12 This book explores the work of interpreters and translators at the First Frankfurt Auschwitz Trial of 22 former SS Auschwitz personnel in the mid 1960s when the voices of dozens of witnesses speaking 10 different languages had a profound impact on public understanding of the Holocaust in Germany and beyond The book asks vital questions about how victims of genocide can make their voices heard in legal systems and the processes by which the testimony of Holocaust survivors has entered the public record The author discusses interpreters professional practice and ethical self understanding in the unequal linguistic and institutional structures of the courtroom and shows how translation and interpreting affected the way victims voices were heard The survivors came from many different national linguistic and cultural backgrounds and their testimonies are often multilingual or hybrid providing illuminating insights into the significance of the language s in which testimony is given but presenting interpreters with linguistic and ethical challenges The preserved audio recordings of courtroom testimony show that interpreters and translators played a key role not only in attaining justice but also in helping to shape the ways in which victim testimony was given heard understood and valued within and beyond the courtroom The author considers how trust is established developed challenged and lost and how this affects the ability of Auschwitz survivors to give testimony in a complex and emotionally demanding situation In doing so he also explores the contribution of interpreting and translation to the developing memory of the Holocaust in the 1960s and to the public image of the survivor witness

Testimonies of Resistance Nicholas Chare, Dominic Williams, 2019-09-01 The Sonderkommando the special squad of enslaved Jewish laborers who were forced to work in the gas chambers and crematoria of Auschwitz Birkenau comprise one of the most fascinating and troubling topics within Holocaust history As eyewitnesses to and unwilling abettors of the murder of their fellow Jews they are the object of fierce condemnation even today Yet it was a group of these seemingly compromised men who carried out the revolt of October 7 1944 one of the most celebrated acts of Holocaust resistance This interdisciplinary collection assembles careful investigations into how the Sonderkommando have been represented by themselves and by others both during and after the Holocaust

How to Accept German Reparations Susan Slyomovics, 2014-06-10 In a landmark process that transformed global reparations after the Holocaust Germany created the largest sustained redress program in history amounting to more than 60 billion When human rights violations are presented primarily in material terms acknowledging an indemnity claim becomes one way for a victim to be recognized At the same time indemnifications provoke a number of difficult questions about how suffering and loss can be measured How much is an individual life worth How much or what kind of violence merits compensation What is financial pain and what does it mean to monetize concentration camp survivor syndrome Susan Slyomovics explores this and other compensation programs both those past and those that

might exist in the future through the lens of anthropological and human rights discourse How to account for variation in German reparations and French restitution directed solely at Algerian Jewry for Vichy era losses Do crimes of colonialism merit reparations How might reparations models apply to the modern day conflict in Israel and Palestine The author points to the examples of her grandmother and mother Czechoslovakian Jews who survived the Auschwitz Plaszow and Markkleeberg camps together but disagreed about applying for the post World War II Wiedergutmachung to make good again reparation programs Slyomovics maintains that we can use the legacies of German reparations to reconsider approaches to reparations in the future and the result is an investigation of practical implications complicated by the difficult legal ethnographic and personal questions that reparations inevitably prompt

Jewish Child Soldiers in the Bloodlands of Europe David M. Rosen, 2022-03-03 This book is about the experiences of Jewish children who were members of armed partisan groups in Eastern Europe during World War II and the Holocaust It describes and analyze the role of children as activists agents and decision makers in a situation of extraordinary danger and stress The children in this book were hunted like prey and ran for their lives They survived by fleeing into the forest and swamps of Eastern Europe and joining anti German partisan groups The vast majority of these children were teenagers between ages 11 and 18 although some were younger They were by any definition child soldiers and that is the reason they lived to tell their tales The book will be of interest to general and academic audiences There is also great interest in children and childhood across disciplines of history and the social sciences It is likely to spark considerable debate and interest since its argument runs counter to the generally accepted wisdom that child soldiers must first and foremost be seen as victims of their recruiters The argument of this book is that time place and context play a key role in our understanding of children s involvement in war and that in some contexts children under arms must be seen as exercising an inherent right of self defense

War and Remembrance in the Twentieth Century Jay Winter, Emmanuel Sivan, 2000-08-27 How war has been remembered collectively is the central question in this volume War in the twentieth century is a vivid and traumatic phenomenon which left behind it survivors who engage time and time again in acts of remembrance This volume containing essays by outstanding scholars of twentieth century history focuses on the issues raised by the shadow of war in this century The behaviour not of whole societies or of ruling groups alone but of the individuals who do the work of remembrance is discussed by examining the traumatic collective memory resulting from the horrors of the First World War the Spanish Civil War the Second World War and the Algerian War By studying public forms of remembrance such as museums and exhibitions literature and film the editors have succeeded in bringing together a volume which demonstrates that a popular kind of collective memory is still very much alive
