The Worlds of Langston Hughes Vera M. Kutzinski, 2012-09-18 The poet Langston Hughes was a tireless world traveler and a prolific translator editor and marketer Translations of his own writings traveled even more widely than he did earning him adulation throughout Europe Asia and especially the Americas In *The Worlds of Langston Hughes* Vera Kutzinski contends that for writers who are part of the African diaspora translation is more than just a literary practice it is a fact of life and a way of thinking Focusing on Hughes's autobiographies translations of his poetry his own translations and the political lyrics that brought him to the attention of the infamous McCarthy Committee she shows that translating and being translated and often mistranslated are as vital to Hughes's own poetics as they are to understanding the historical network of cultural relations known as literary modernism As Kutzinski maps the trajectory of Hughes's writings across Europe and the Americas we see the remarkable extent to which the translations of his poetry were in conversation with the work of other modernist writers Kutzinski spotlights cities whose role as meeting places for modernists from all over the world has yet to be fully explored Madrid Havana Buenos Aires Mexico City and of course Harlem The result is a fresh look at Hughes not as a solitary author who wrote in a single language but as an international figure at the heart of a global intellectual and artistic formation

Mabana, 2013-02-14 This collection of essays explores concepts present in literatures in French that since the 2007 manifesto more and more critics suspicious of the term Francophonie now prefer to designate as *littérature monde* world literature The book shows how the three movements of antillanité, créolité and *littérature monde* each in their own way break with the past and distance themselves from the hexagonal centre The critics in this collection show how writers seek to represent an authentic view of their history culture identities reality and diversities According to many of the contributors creolization and *littérature monde* offer new perspectives and possibly a new genre of literature Ces essais explorent les concepts présents dans la littérature en français que depuis le manifeste de 2007 de plus en plus de critiques suspicieux du terme francophonie préfèrent désigner sous le terme de *littérature monde* Ce livre montre comment les trois mouvements antillanité, créolité et *littérature monde* bien qu'ils cherchent chacun à présenter une rupture offrent aussi un but similaire de distanciation avec le centre hexagonal Les critiques de ce recueil montrent comment les écrivains cherchent à représenter une vision authentique de leur histoire leur culture leurs identités leur réalité et leur diversité Selon de nombreux contributeurs ce recueil la créolisation ou la *littérature monde* offrent de nouvelles perspectives et la possibilité d'un nouveau genre de littérature
