Text Context Pretext Critical Issues In Discourse Analysis:

Text, Context, Pretext H. G. Widdowson, 2008-04-15 Written by a leading researcher in the field this fascinating examination of the relations between grammar text and discourse is designed to provoke critical discussion on key issues in discourse analysis which are not always clearly identified and examined Written by a leading researcher in the field Continues the enquiry into discourse analysis that Zellig Harris initiated 50 years ago which raised a number of problematic issues that have remained unresolved ever since Introduces the notion of pretext as an additional factor in the general interpretative process Focuses attention specifically on the work of critical discourse analysis CDA in light of the issues discussed Key Terms in Discourse Analysis Paul Baker, Sibonile Ellece, 2011-02-17 **Ideological Roots of the Conflict between Pro-Kurdish and Pro-Islamic Parties in Turkey** Rahman Dag, 2017-06-23 The current agenda of international politics is full of headline grabbing conflicts This book focuses on one such conflict namely the Kurdish question in Turkey with recent peace negotiations between Turkey and the PKK having apparently failed The pro Islamic ruling party of Turkey the AK Party and the ideologically leftist pro Kurdish parties are the key determinants of this conflict Their historical development since the inception of modern Turkey is discussed here to demonstrate the similarities and differences between these oppositional social and political groups In this sense the book claims that ideological rigidity is one of the core factors shaping the relationship between these parties As such the book provides a detailed investigation of the ideological perspectives of the key actors in the conflict in order to gain a better understanding of why the last initiative ended negatively **Research Methods in Linguistics** Lia Litosseliti, 2017-08-24 An in depth introduction to all research methods in linguistics this is the ideal textbook for undergraduate and postgraduate students Research Methods are important skills for students of linguistics to learn prior to undertaking research projects at either undergraduate or postgraduate level Students need to learn how to develop research methods appropriate for their chosen study and how to record transcribe code and analyse the data collected This comprehensive introduction to research methods in linguistics guides the student through these areas offering advice at a theoretical and practical level The book covers formal computational quantitative and qualitative research methods in detail and each chapter is written by an academic renowned in the field Topics covered include using corpora questionnaire design computer assisted content analysis interview methods observation fieldwork in linguistics and statistic analysis Providing an in depth introduction to all research methods in linguistics this is the ideal textbook for undergraduate and postgraduate students encountering linguistic data for the first time Research Methods in Linguistics is a new series from Continuum providing a series of introductions to the quantitative and qualitative research methods needed by undergraduate and postgraduate students The centre of the series is Research Methods in Linguistics edited by Lia Litosseliti which provides a comprehensive overview of all the research methods needed by linguistics students Each book in the series takes one of the research methods described in the general introduction and

expands upon this in a book length study **Research Methodologies in Translation Studies** Gabriela Saldanha, Sharon O'Brien, 2014-04-08 As an interdisciplinary area of research translation studies attracts students and scholars with a wide range of backgrounds who then need to face the challenge of accounting for a complex object of enquiry that does not adapt itself well to traditional methods in other fields of investigation This book addresses the needs of such scholars whether they are students doing research at postgraduate level or more experienced researchers who want to familiarize themselves with methods outside their current field of expertise The book promotes a discerning and critical approach to scholarly investigation by providing the reader not only with the know how but also with insights into how new questions can be fruitfully explored through the coherent integration of different methods of research Understanding core principles of reliability validity and ethics is essential for any researcher no matter what methodology they adopt and a whole chapter is therefore devoted to these issues Research Methodologies in Translation Studies is divided into four different chapters according to whether the research focuses on the translation product the process of translation the participants involved or the context in which translation takes place An introductory chapter discusses issues of reliability credibility validity and ethics The impact of our research depends not only on its quality but also on successful dissemination and the final chapter therefore deals with what is also generally the final stage of the research process producing a research report

Berlin, Anita Fetzer, 2012

The volume considers politics as cooperative group action and takes the position that forms of government can be posited on a continuum with endpoints where governance is shared and where hegemony dictates ranging from politics as interaction to politics as imposition. Similarly, dialogue and dialogic action can be superimposed on the same continuum lying between truly collaborative where co-participants exchange ideas in a cooperative manner and dominated by an absolute position where dialogue proceeds along prescribed paths. The chapters address the continuum between these endpoints and present illuminating and persuasive analyses of dialogue in politics covering motions of support, the relationship between politics and the press, interviews, debates, discussion forums and multimodal media analyses across different discourse domains and different cultural contexts from Africa to the Middle East and from the United States to Europe.

Exploring English with Online Corpora Wendy Anderson, John Corbett, 2017-09-16 This is an essential guide to using digital resources in the study of English language and linguistics. Assuming no prior experience, it introduces the fundamentals of online corpora and equips readers with the skills needed to search and interpret corpus data. Later chapters focus on specific elements of linguistic analysis, namely vocabulary, grammar, discourse and pronunciation. Examples from five major online corpora illustrate key issues to consider in corpus analysis, while case studies and activities help students get to grips with the wide range of resources that are available and select those that best suit their needs. Perfect for students of corpus linguistics and applied linguistics, this engaging and accessible guide opens the door to an ever-expanding world of online resources. It is also ideal for anyone who is curious about how the English language works and has a desire to explore its many written and spoken forms. New to this Edition: Fully revised and updated throughout incorporating the latest developments in corpus linguistics. Expanded material on corpora in teaching, contextualising corpus texts and critical discourse analysis.

International Perspectives on Translation, Education and Innovation in Japanese and Korean Societies David G. Hebert, 2018-03-08 This book studies the three concepts of translation, education and innovation from a Nordic and international perspective on Japanese and Korean societies. It presents findings from pioneering research into cultural translation, Japanese and Korean linguistics, urban development, traditional arts and related fields. Across recent decades, Northern European scholars have shown increasing interest in East Asia. Even though they are situated on opposite sides of the Eurasia landmass, the Nordic nations have a great deal in common with Japan and Korea, including vibrant cultural traditions, strong educational systems and productive social democratic economies. Taking a cross-cultural and interdisciplinary approach and in addition to the examination of the three key concepts, the book explores several additional intersecting themes including sustainability, nature, humour, aesthetics, cultural survival and social change, discourse and representation. This book offers a collection of original interdisciplinary research from the 25th anniversary conference of the Nordic Association for Japanese and Korean Studies 2013. Its 21 chapters are divided into five parts according to interdisciplinary themes: Translational Issues in Literature; Analyses of Korean and Japanese Languages; Language Education;
