The Guardians of Time Damian Lawrence,2011 Food riots Resource wars Catastrophic storms Unprecedented mass extinctions Coincidence By the middle of the twenty first century the world is out of time On the brink of a global environmental cataclysm a physicist attempting to harness the ultimate renewable clean energy source offers the only remaining option to delay the imminent disaster time travel But while helping to save the world through the method he develops a mysterious and otherworldly combination of physics and metaphysics Mark Lawson unwittingly plants the seeds for its misuse by those who have everything to gain from engineering a future where they make the rules He has discovered the key to the most extreme potential weapon of mass destruction ever known to man and now it must be controlled Forty five years later in a fragile world still recovering from near devastation in which the secret of relativistic diving has fallen into the wrong hands the men and women of a covert intelligence organization quietly fight an undeclared war against a new kind of enemy one that wields temporal terrorism as a weapon Using the techniques first developed by Lawson the Guardians are engaged in a life and death struggle to preserve the integrity of world history But while they battle to prevent civilization as they know it from being changed forever they begin to discover that the enemy may not be who or what they think it is Set largely in Greece the first novel in The Guardians series by author DAMIAN LAWRENCE deftly blends history and fiction to guide the reader through a thrilling web of intrigue and adventure spanning three centuries From the heroism and tragedy of the Greek War of Independence to the Great Game between the world's major powers and the ascendance of a New World Order The Guardians of Time explores social moral and spiritual questions that are highly relevant to our own time in an exciting and thought provoking narrative

The Shadow Marianne Curley,2018-02-10 The battle is over The war is won The prophecy complete But life can't just pick up where it left off for Ethan Struggling to cope with the death of his soul mate at odds with his friends in the Guard he finds himself adrift jumping at shadows and sensing someone who can't possibly be there Blaming herself for Lathenia's death Jesilla swears to avenge her mother and fulfil her vision for world domination But she hadn't planned to fall in love And that leaves her with an unbearable choice should she follow her heart or the parental strings of a Goddess short on praise but high on expectation who continues to pull on her from the grave As the Guard and the Order battle through the past and into an impossible future darkness lurks around every corner The fight for the world's survival will rest with just one Is it friend or foe that stands in The Shadow
